

Country	Investment Areas (select from dropdown)	Objectives (select from dropdown)	Activities (describe the activity)	Key Results (mandatory for multi-year activities)	Primary Partner (directly contracted organization)	Implementing Partner (primary partner or subcontractor if any)	TOTAL
Gambia	1. Service Delivery	1.8 Other service delivery objective	TA to support root cause analysis for low HPV and MR2 coverage.	Root causes of low HPV and MR2 coverage identified and an action plan developed	PATH	PATH	\$ 240,875.29
Gambia	4. Health Information Systems and Monitoring & Learning	4.1 Ensure timely, fit-for-purpose information is available at all levels of the system, and is used regularly and systematically to improve programmatic reach and performance	Introduce an electronic immunization register for HPV vaccination	Electronic immunization register established	PATH	PATH	
Gambia	3. Supply Chain	3.4 Strengthen Logistics Management Information Systems to assure real-time monitoring at all immunisation supply chain levels	Support and enhance Vaccine Visibility System (VVS) for immunization stock management and expand to new facilities	Increased capacity and # of facilities equipped to use VVS, better stock reporting and management	PATH	PATH	
Gambia	4. Health Information Systems and Monitoring & Learning	4.3 Strengthen information systems relevant for the identification and reach of zero-dose and under-immunised children	Introduce new digital/electronic tools including microplanning tools in the existing HMIS platforms to help identify un- and under-vaccinated populations (health facility catchment area maps).	Program staff able to track zero-dose and under-vaccinated children by health facility catchment area.	Swiss TPH	Swiss TPH	\$ 221,642.00
Gambia	4. Health Information Systems and Monitoring & Learning	4.2 Improve data use-related capacity, tools, evidence generation and/or systems for programme monitoring and learning, especially at the subnational level	Strengthening of decision making at the national, regional and health facilities to reach under-immunized and zero-dose children (to identify and improve sub-optimal performance)	Data use tools developed/modified and increased capacity of MoH staff	Swiss TPH	Swiss TPH	
Gambia	6. Demand Generation and Community Engagement	6.1 Support the scale-up of social and behavioural data and information systems, including social listening	Pilot and scale up social and behavioural data and information systems, including social listening to address vaccine hesitancy and create demand to cut down on zero-doses and under-immunized populations.	Social and behavioural interventions piloted and scaled up	UNICEF	UNICEF	\$ 501,626.71
Gambia	3. Supply Chain	3.7 Other supply chain objective	Carry out cold temperature mapping and in all cold rooms in the country.	Temperature mapped in all cold rooms	UNICEF	UNICEF	
Gambia	3. Supply Chain	3.7 Other supply chain objective	Conduct a temperature monitoring study	Temperature monitoring study conducted	UNICEF	UNICEF	
Gambia	1. Service Delivery	1.4 Establish and/or continue partnerships with civil society organisations to provide immunisation services	Mapping and contracting of civil organisations to help reach un- and under-vaccinated populations	Identification of suitable CSOs to support vaccination service delivery in the country	UNICEF	UNICEF	
Gambia	7. Governance, Policy, Strategic Planning, and Programme Management	7.4 Other objective related to governance, policy, strategic planning and programme management	Build capacity of EPI staff in specialized areas to optimise program performance	Staff trained on specialised program areas	UNICEF	UNICEF	
Gambia	7. Governance, Policy, Strategic Planning, and Programme Management	7.1 Strengthen capacity of governance/technical bodies for planning, coordination and tracking progress at all levels, particularly for reaching zero-dose children	Technical support to build the capacity of the NITAG for informed decision taking, coordination, and tracking progress.	Train NITAG members on evidence-based decision making, coordination, and zero-dose and under-vaccination tracking	WHO	WHO	\$ 141,882.00
Gambia	7. Governance, Policy, Strategic Planning, and Programme Management	7.1 Strengthen capacity of governance/technical bodies for planning, coordination and tracking progress at all levels, particularly for reaching zero-dose children	Conduct a comprehensive EPI review	EPI review conducted and a report with recommendations produced.	WHO	WHO	
Gambia	9. Grant Management and Indirect Costs	9.2 TA for Gavi management support to grant implementation	TA for Full Portfolio Planning	Gavi grant application completed.	WHO	WHO
