

Annual Progress Report 2009

Submitted by

The Government of

[Solomon Islands]

Reporting on year: 2009

Requesting for support year: 2011

Date of submission: 7 May 2010.....

Deadline for submission: 15 May 2010

Please send an electronic copy of the Annual Progress Report and attachments to the following e-mail address: apr@gavialliance.org

any hard copy could be sent to:

GAVI Alliance Secrétariat, Chemin de Mines 2. CH 1202 Geneva, Switzerland

Enquiries to: **apr@gavialliance.org** or representatives of a GAVI partner agency. The documents can be shared with GAVI partners, collaborators and general public.

Note: Before starting filling out this form get as reference documents the electronic copy of the APR and any new application for GAVI support which were submitted the previous year.

GAVI ALLIANCE GRANT TERMS AND CONDITIONS

FUNDING USED SOLELY FOR APPROVED PROGRAMMES

The applicant country ("Country") confirms that all funding provided by the GAVI Alliance will be used and applied for the sole purpose of fulfilling the programme(s) described in the Country's application. Any significant change from the approved programme(s) must be reviewed and approved in advance by the GAVI Alliance. All funding decisions for the application are made at the discretion of the GAVI Alliance Board and are subject to IRC processes and the availability of funds.

AMENDMENT TO THE APPLICATION

The Country will notify the GAVI Alliance in its Annual Progress Report if it wishes to propose any change to the programme(s) description in its application. The GAVI Alliance will document any change approved by the GAVI Alliance, and the Country's application will be amended.

RETURN OF FUNDS

The Country agrees to reimburse to the GAVI Alliance all funding amounts that are not used for the programme(s) described in its application. The country's reimbursement must be in US dollars and be provided, unless otherwise decided by the GAVI Alliance, within sixty (60) days after the Country receives the GAVI Alliance's request for a reimbursement and be paid to the account or accounts as directed by the GAVI Alliance.

SUSPENSION/ TERMINATION

The GAVI Alliance may suspend all or part of its funding to the Country if it has reason to suspect that funds have been used for purpose other than for the programmes described in the Country's application, or any GAVI Alliance-approved amendment to the application. The GAVI Alliance retains the right to terminate its support to the Country for the programmes described in its application if a misuse of GAVI Alliance funds is confirmed.

ANTICORRUPTION

The Country confirms that funds provided by the GAVI Alliance shall not be offered by the Country to any third person, nor will the Country seek in connection with its application any gift, payment or benefit directly or indirectly that could be construed as an illegal or corrupt practice.

AUDITS AND RECORDS

The Country will conduct annual financial audits, and share these with the GAVI Alliance, as requested. The GAVI Alliance reserves the right, on its own or through an agent, to perform audits or other financial management assessment to ensure the accountability of funds disbursed to the Country.

The Country will maintain accurate accounting records documenting how GAVI Alliance funds are used. The Country will maintain its accounting records in accordance with its government-approved accounting standards for at least three years after the date of last disbursement of GAVI Alliance funds. If there is any claims of misuse of funds, Country will maintain such records until the audit findings are final. The Country agrees not to assert any documentary privilege against the GAVI Alliance in connection with any audit.

CONFIRMATION OF LEGAL VALIDITY

The Country and the signatories for the Country confirm that its application, and Annual Progress Report, are accurate and correct and form legally binding obligations on the Country, under the Country's law, to perform the programmes described in its application, as amended, if applicable, in the APR.

CONFIRMATION OF COMPLIANCE WITH THE GAVI ALLIANCE TRANSPARANCY AND ACCOUNTABILITY POLICY

The Country confirms that it is familiar with the GAVI Alliance Transparency and Accountability Policy (TAP) and complies with the requirements therein.

USE OF COMMERCIAL BANK ACCOUNTS

The Country is responsible for undertaking the necessary due diligence on all commercial banks used to manage GAVI cash-based support. The Country confirms that it will take all responsibility for replenishing GAVI cash support lost due to bank insolvency, fraud or any other unforeseen event.

ARBITRATION

Any dispute between the Country and the GAVI Alliance arising out of or relating to its application that is not settled amicably within a reasonable period of time, will be submitted to arbitration at the request of either the GAVI Alliance or the Country. The arbitration will be conducted in accordance with the then-current UNCITRAL Arbitration Rules. The parties agree to be bound by the arbitration award, as the final adjudication of any such dispute. The place of arbitration will be Geneva, Switzerland. The language of the arbitration will be English.

For any dispute for which the amount at issue is US\$ 100,000 or less, there will be one arbitrator appointed by the GAVI Alliance. For any dispute for which the amount at issue is greater than US \$100,000 there will be three arbitrators appointed as follows: The GAVI Alliance and the Country will each appoint one arbitrator, and the two arbitrators so appointed will jointly appoint a third arbitrator who shall be the chairperson.

The GAVI Alliance will not be liable to the country for any claim or loss relating to the programmes described in the application, including without limitation, any financial loss, reliance claims, any harm to property, or personal injury or death. Country is solely responsible for all aspects of managing and implementing the programmes described in its application.

By filling this APR the country will inform GAVI about :

- accomplishments using GAVI resources in the past year
- important problems that were encountered and how the country has tried to overcome them
- · Meeting accountability needs concerning the use of GAVI disbursed funding and in-country arrangements with development partners
- Requesting more funds that had been approved in previous application for ISS/NVS/HSS, but have not yet been released
- how GAVI can make the APR more user-friendly while meeting GAVI's principles to be accountable and transparent.

1. General Programme Management Component

1.1 Updated baseline and annual targets (fill in Table 1 in Annex1-excell)

The numbers for 2009 in Table 1 must be consistent with those that the country reported in the **WHO/UNICEF Joint Reporting Form (JRF) for 2009.** The numbers for 2010-15 in Table 1 should be consistent with those that the country provided to GAVI in previous APR or in new application for GAVI support or in cMYP.

In the space below, please provide justification and reasons for those numbers that in this APR are different from the referenced ones:

Provide justification for any changes in births: No change (consistent with JRF 2009)
Provide justification for any changes in surviving infants : Surviving infants was not calculated in the JRF 2009. However we include the surviving infants in this GAVI APR 2009, using the formula as guided in the JRF.
Provide justification for any changes in Targets by vaccine: No change.
Provide justification for any changes in Wastage by vaccine : The wastage factor was increased by 5% due to the reason some new nurses are not yer=t familiar to use the AD syringes.

1.2 Immunisation achievements in 2009

Please comment on the achievements of immunisation programme against targets (as stated in last year's APR), the key major activities conducted and the challenges faced in 2009 and how these were addressed:

The achievement of the 2009 coverage (DPTHepB Hib3) was reduced by 12% due to reasons below. In the last GAVI APR 2008, the target of DPTHepBHib was set to be 85% (15,317), however the number of children vaccinated in 2009 was 13,119 children (74%).

Major activities conducted in 2009:

- 1. EVSM and Vaccine Management (June-July 2009).
- 2. Refreshing of microplanning to 102 nurses in the Area Health Centers and Rural Health Centers,
- 3. Procurement of 3 refrigerators, 100 bottle gas, 24 cold boxes, 41 vaccine cariers and temperature monitoring devices (data logger and freeze tags)

- 4. Integrated Measles SIA combining measles vaccination with high impact health interventions (vitamin A, deworming, handwashing). The result was 90%.
- 5. Emergency integrated measles campaign in flood areas (Guadalcanal province).
- 6. Training of selected nurses in Vaccine Management.
- 7. Supportive supervision to selective Area Health Centers by National EPI Manager and Provincial EPI coordinators.
- 8. Participated at the regional EPI and cold chain training in Suva, Fiji (Malaita, Guadacanal province).
- 9. National EPI Manager participitaed in the Pacific Immunization Partnership Strengthening (5th PIPS Workshop) in Nagasaki, Japan.
- 10. Revision of EPI Handbook.

Challenges in 2009:

- Insufficient funds (operational costs) due to reduced allocated budget from Government Solomon Islands
- 2. Irregularity of gas supplies for refrigerators using gas.
- 3. Insufficient understanding on vaccine forecast and ordering
- 4. Limited knowledge and practice of stock management
- 5. Flooding in 3 provinces (out of ten provinces).
- 6. Missing data from Central Referral hospital.
- 7. Irregular (incomplete) monthly reports.

Actions taken to address the above problems:

- 1. Procurement of 100 gas bottles.
- 2. Develop replacement plan to use more solar refrigerators in phasing manner.
- 3. Instituted batch cards and stock management at the National Medical Store (this is still work in progress).
- 4. Training of the nurses in the AHCs in vaccine management.
- 5. Conducted Emergency Measles Integrated campaign in Guadalcanal province.
- 6. Point 6 and 7 are work in progress taken place with Health Information System.

If targets were not reached, please comment on reasons for not reaching the targets:

In 2009, the Government of Solomon Islands has cut the approved financial budget by 35%. This has affected the achievement of the coverage because of reduced operational costs. In the last GAVI APR 2008, the target for DPTHepBHib3 was set to 86% (15,317),however the achievement was 74% (13,119 children). Moreover, the Integrated SIA in 2009 took three months to complete due to geographic and logistic difficulties. The decreased in the coverage was also due to poor data management.

1.3 Data assessments

1.3.1 Please comment on any discrepancies between immunisation coverage data from different sources (for example, if survey data indicate coverage levels that are different than those measured through the administrative data system, or if the WHO/UNICEF Estimate of National Immunisation Coverage and the official country estimate are different)¹.

No discrepancies in the immunization coverage data as reported by MHMS(admin data,

¹ Please note that the WHO UNICEF estimates for 2009 will only be available in July 2010 and can have retrospective changes on the time series Annual Progress Report 2009

official data) and JRF 2009.		

Have any assessments of administrative data systems been conducted from 2008 to the present? [NO]. If YES:

Please describe the assessment(s) and when they took place.

NA

Please describe any activities undertaken to improve administrative data systems from 2008 to the present.

The new reporting forms to collect the monthly data was introduced in 2009. However, this was only applied in selected provinces (four provinces) as pilot model.

- 1.3.4 Please describe any plans that are in place, or will be put into place, to make further improvements to administrative data systems.
 - Strengthen the capacity of the AHC Supervisors through MLM training
 - 2. Improve the quality of EPI data management at AHC and RHC through National EPI Review and on-site supportive supervision by the Provincial EPI Coordinators and AHC Supervisors

1.4 Overall Expenditures and Financing for Immunisation

The purpose of Table 2 is to guide GAVI understanding of the broad trends in immunisation programme expenditures and financial flows. Please fill the table using US\$.

Table 2: Overall Expenditure and Financing for Immunisation from all sources (Government and donors) in US\$.

² Traditional vaccines: BCG, DTP, OPV (or IPV), Mealses 1st dose (or the combined MR, MMR), TT. Some countries will also include HepB and Hib vaccines in this row, if these vaccines were introduced without GAVI support. Annual Progress Report 2009

12

Please describe trends in immunisation expenditures and financing for the reporting year, such as differences between planned versus actual expenditures, financing and gaps. Give details on the reasons for the reported trends and describe the financial sustainability prospects for the immunisation program over the next three years; whether the funding gaps are manageable, challenging, or alarming. If either of the latter two is applicable, please explain the strategies being pursued to address the gaps and indicate the sources/causes of the gaps.

The Global Economic Crises (GEC) has really impacted the quality and access of health services to the remote areas, as well as the food security. This meant that outreach services were reduced due to insufficient funds to buy gas and fuels for the canoe or renting the canoe. Less mothers travelled to the health centers due to competing priorities for their daily life expenses. Due to difficulties and high price of sending the gas supplies, some health centers were not operatated in regular basis.

With the result of Vaccine management, the MHMS will gradually replace the gas refrigerators to solar refrigerators.

Please attach the minutes (**Document N**°.....) from all the ICC meetings held in 2009, including those of the meeting endorsing this report.

List the key concerns or recommendations, if any, made by the ICC on items 1.1 through 1.4

- Use the Sector Wide Approach (SWAP) to address the issues above and for fund raising.
- Revise the cMYP from 2006-2010 to 2011-2015.
- Used the Integrated Measles Campaign as an opportunity to strengthen routine immunization in Solomon Islands.through revised microplanning and socio mobilization (demand creation).
- Data management to be improved rigorously.
- On going cold chain rehabilitation based on EVSM/Cold chain assessment conducted in 2009.
- Re-submit the HSS application.

Are an	y Civil Societ	y Organisations meml	bers of the ICC?:	[Yes / No]. I	If yes, which ones?

1.6 *Priority actions in 2010-2011*

What are the country's main objectives and priority actions for its EPI programme for 2010-2011? Are they linked with cMYP?

- 1. Strengthen the capacity of the AHC Supervisors through MLM training
- 2. Revision of the supportive supervision check-list
- 3. Supervisory follow-up in priority AHCs by the Provincial EPI Coordinator
- 4. Develop a system to monitor the vaccination coverage at AHC level and identify AHCs with low vaccination coverage and weak EPI activities
- 5. Improve the quality of EPI data management at AHC and RHC through National EPI Review and on-site supportive supervision by the Provincial EPI Coordinators and AHC Supervisors

6.	Institute the system for regular monitoring and monthly feed-back on vaccination	coverage
	and EPI activities from the national and provincial to AHC level	

Yes, it linked with cMYP.

2. Immunisation Services Support (ISS)

1.1 Report on the use of 188 funds in 2009
Funds received during 2009: US\$No funds received in 2009 Remaining funds (carry over) from 2008: US\$No Balance carried over to 2010: US\$None
Please report on major activities conducted to strengthen immunisation using ISS funds in 2009.
NA, all activities in 2009 were carried out using the Governments and donor funds.
1.2 <u>Management of ISS Funds</u>
Has a GAVI Financial Management Assessment (FMA) been conducted prior to, or during the 2009 calendar year? [IF YES]: please complete Part A below. [IF NO]: please complete Part B below.
Part A: briefly describe progress against requirements and conditions which were agreed in any Aide Memoire concluded between GAVI and the country, as well as conditions not met in the management of ISS funds.
Part B: briefly describe the financial management arrangements and process used for your ISS funds. Indicate whether ISS funds have been included in national health sector plans and budgets. Report also on any problems that have been encountered involving the use of ISS funds, such as delays in availability of funds for programme use.
Please include details on: the type of bank account(s) used (commercial versus government accounts); how budgets are approved; how funds are channelled to the sub-national levels; financial reporting arrangements at both the sub-national and national levels; and the overall role of the ICC in this process.
NA

1.3 <u>Detailed expenditure of ISS funds during the 2009 calendar year</u>

Please attach a detailed financial statement for the use of ISS funds during the 2009 calendar year **(Document N°......).** (Terms of reference for this financial statement are attached in Annex 2). Financial statements should be signed by the Chief Accountant or by the Permanent Secretary of Ministry of Health.

External audit reports for ISS, HSS, CSO Type B programmes are due to the GAVI Secretariat six months following the close of your government's fiscal year. If an external audit report is available for your ISS programme during your government's most recent fiscal year, this must also be attached (**Document N**°...........).

1.4 Request for ISS reward

In June 2009, the GAVI Board decided to improve the system to monitor performance of immunisation programmes and the related calculation of performance based rewards. Starting from 2008 reporting year, a country is entitled to a reward:

- a) if the number of children vaccinated with DTP3 is higher than the previous year's achievement (or the previous high), and
- b) if the reported administrative coverage of DTP3 (reported in the JRF) is in line with the WHO/UNICEF coverage estimate for the same year.

If you may be eligible for ISS reward based on DTP3 achievements in 2009 immunisation programme, estimate the \$ amount by filling Table 3 in Annex 1.3

-

³ The Monitoring IRC will review the ISS section of the APR after the WHO/UNICEF coverage estimate is made available.

3. New and Under-used Vaccines Support (NVS)

3.1 Receipt of new & under-used vaccines for 2009 vaccination programme

Did you receive the approved amount of vaccine doses that GAVI communicated to you in its decision letter (DL)? Fill Table 4.

Table 4: Vaccines received for 2009 vaccinations against approvals for 2009

	[A]		[B]	
Vaccine Type	Total doses for 2009 in DL	Date of DL	Total doses received by end 2009 *	Total doses of postponed deliveries in 2010
DPTHepBHIB	53,500 doses	16 Feb 2009	53,500 doses	0

^{*} Please also include any deliveries from the previous year received against this DL

3.4 Effective Vaccine Store Management/Vaccine Management Assessment

When was the last Effective Vaccine Store Management (EVSM)/Vaccine Management Assessment (VMA) conducted? [mm/yyyy]

If conducted in 2008/2009, please attach the report. (**Document N°.......**)
An EVSM/VMA report must be attached from those countries which have introduced a New and Underused Vaccine with GAVI support before 2008.
Was an action plan prepared following the EVSM/VMA? [YES / NO]

If yes, please summarise main activities to address the EVSM/VMA recommendations and their implementation status.

- Orientation of the National Medical Store staff (4 staff) in stock management.
- Improved order form, forecasting and bath card.
- Developed contingency plan, job description. for vaccine handling
- Simplified distribution system by empowering Honiara City Council and Guadalcanal province to become secondary tore.
- Trained 35 staff in Vaccine Management to improve practices.
- Developed cold chain replacement plan.

When is the next EVSM/VMA* planned? [mm/yyyy]

*All countries will need to conduct an EVSM/VMA in the second year of new vaccines supported under GAVI Phase 2.

3.5 Change of vaccine presentation

If you would prefer during 2011 to receive a vaccine presentation which differs from what you are currently being supplied (for instance, the number of doses per vial; from one form (liquid/lyophilised) to the other; ...), please provide the vaccine specifications and refer to the minutes of the ICC meeting recommending the change of vaccine presentation. If supplied through UNICEF, planning for a switch in presentation should be initiated following the issuance of Decision Letter for next year, taking into account country activities needed in order to switch as well as supply availability.

Please specify below the new vaccine presentation:			
None.			

Please attach the minutes of the ICC meeting (**Document N**°.....) that has endorsed the requested change.

3.6 <u>Renewal of multi-year vaccines support for those countries whose current support is ending in 2010</u>

with GAVI for vaccine support starting from 2011 and for the duration of a new Comprehensive Multi-Year Plan (cMYP). The country hereby request for an extension of GAVI support for . **DPTHepBHib** (NVS).....[vaccine type(s)] vaccine for the years 2011-..2015......[end year]. At the same time it commits itself to co-finance the procurement of ... **DPTHepBHib......**[vaccine type(s)] vaccine in accordance with the minimum GAVI cofinancing levels as summarised in Annex 1. The multi-year extension of ... **DPTHepBHib/NVS......[vaccine type(s)]** vaccine support to this APR (Document N°.....). The country ICC has endorsed this request for extended support of ... DPTHepBHib.....[vaccine type(s)] vaccine at the ICC meeting whose minutes are attached to this APR. (Document N°.....) 3.7 Request for continued support for vaccines for 2011 vaccination programme In order to request NVS support for 2011 vaccination do the following: 1. Go to Annex 1 (excel file) 2. Select the sheet corresponding to the vaccines requested for GAVI support in 2011 (e.g. Table4.1 HepB & Hib; Table4.2 YF etc) 3. Fill in the specifications of those requested vaccines in the first table on the top of the sheet (e.g. Table 4.1.1 Specifications for HepB & Hib; Table 4.2.1 Specifications for YF etc) 4. View the support to be provided by GAVI and co-financed by the country which is automatically calculated in the two tables below (e.g. Tables 4.1.2. and 4.1.3. for HepB & Hib; Tables 4.2.2. and 4.2.3. for YF etc) 5. Confirm here below that your request for 2011 vaccines support is as per Annex 1: [YES, I confirm] If you don't confirm, please explain:

If 2010 is the last year of approved multiyear support for a certain vaccine and the country wishes to extend GAVI support, the country should request for an extension of the co-financing agreement

4. Injection Safety Support (INS)

In this section the country should report about the three-year GAVI support of injection safety material for routine immunisation. In this section the country should not report on the injection safety material that is received bundled with new vaccines funded by GAVI.

4.1 Receipt of injection safety support in 2009 (for relevant countries)

Are you receiving Injection Safety support in cash [YES/NO] or supplies [YES/NO]?

If INS supplies are received, please report on receipt of injection safety support provided by the GAVI Alliance during 2009 (add rows as applicable).

5. Health System Strengthening Support (HSS)

Instructions for reporting on HSS funds received

- 1. This section only needs to be completed by those countries that have been approved and received funding for their HSS application before or during the last calendar year. For countries that received HSS funds within the last 3 months of the reported year this section can be used as an inception report to discuss progress achieved and in order to enable release of HSS funds for the following year on time.
- 2. All countries are expected to report on GAVI HSS on the basis of the January to December calendar year. In instances when countries received funds late in 2009, or experienced other types of delays that limited implementation in 2009, these countries are encouraged to provide interim reporting on HSS implementation during the 1 January to 30 April period. This additional reporting should be provided in Table 13.
- 3. HSS reports should be received by 15th May 2010.
- 4. It is very important to fill in this reporting template thoroughly and accurately and to ensure that, prior to its submission to the GAVI Alliance, this report has been verified by the relevant country coordination mechanisms (HSCC or equivalent) in terms of its accuracy and validity of facts, figures and sources used. Inaccurate, incomplete or unsubstantiated reporting may lead the Independent Review Committee (IRC) either to send the APR back to the country (and this may cause delays in the release of further HSS funds), or to recommend against the release of further HSS funds or only 50% of next tranche.
- 5. Please use additional space than that provided in this reporting template, as necessary.
- 6. Please attach all required supporting documents (see list of supporting documents on page 8 of this APR form).

Background to the 2010 HSS monitoring section

It has been noted by the previous monitoring Independent review committee, 2009 mid-term HSS evaluation and tracking study⁴ that the monitoring of HSS investments is one of the weakest parts of the design.

All countries should note that the IRC will have difficulty in approving further trenches of funding for HSS without the following information:

- Completeness of this section and reporting on agreed indicators, as outlined in the approved M&E framework outlined in the proposal and approval letter;
- Demonstrating (with tangible evidence) strong links between activities, output, outcome and impact indicators;
- Evidence of approval and discussion by the in country coordination mechanism;
- Outline technical support that may be required to either support the implementation or monitoring of the GAVI HSS investment in the coming year
- Annual health sector reviews or Swap reports, where applicable and relevant
- Audit report of account to which the GAVI HSS funds are transferred to
- Financial statement of funds spent during the reporting year (2009)

5.3 Report on HSS activities in 2009 reporting year

Note on Table 12 below: This section should report according to the original activities featuring in the HSS application. It is very important to be precise about the extent of progress, so please allocate a percentage to each activity line, from 0% to 100% completion. Use the right hand side of the table to provide an explanation about progress achieved as well as to bring to the attention of the reviewers any issues relating to changes that have taken place or that are being proposed in relation to the original activities. It is very important that the country provides details based on the M& E framework in the original application and approval letter.

Please do mention whenever relevant the SOURCES of information used to report on each activity.

5.4	Sup	port	functions
U	- 0. p	P	

This section on **support functions** (management, M&E and Technical Support) is also very important to the GAVI Alliance. Is the management of HSS funds effective, and is action being taken on any salient issues? Have steps been taken to improve M&E of HSS funds, and to what extent is the M&E integrated with country systems (such as, for example, annual sector reviews)? Are there any issues to raise in relation to technical support needs or gaps that might improve the effectiveness of HSS funding?

5.4.1 Management
Outline how management of GAVI HSS funds has been supported in the reporting year and any changes to management processes in the coming year:
5.4.2 Monitoring and Evaluation (M&E)
Outline any inputs that were required for supporting M&E activities in the reporting year and also any support that may be required in the coming reporting year to strengthen national capacity to monitor GAVI HSS investments:
5.4.3 Technical Support
Outline what technical support needs may be required to support either programmatic implementation or M&E. This should emphasise the use of partners as well as sustainable options for use of national institutes:

Note on Table 13: This table should provide up to date information on work taking place during the calendar year during which this report has been submitted (i.e. 2010).

The column on planned expenditure in the coming year should be as per the estimates provided in the APR report of last year (Table 4.6 of last year's report) or –in the case of first time HSS reporters- as shown in the original HSS application. Any significant differences (15% or higher) between previous and present "planned expenditure" should be explained in the last column on the right, documenting when the changes have been endorsed by the HSCC. Any discrepancies between the originally approved application activities / objectives and the planned current implementation plan should also be explained here

 5.5.1 Please provide a narrative on major accomplishments (especially impacts on health service programs, notably the immunisation program), problems encountered and solutions found or proposed, and any other salient information that the country would like GAVI to know about. Any reprogramming should be highlighted here as well. This should be based on the original proposal that was approved and explain any significant differences – it should also clarify the linkages between activities, output, outcomes and impact indicators. This section should act as an executive summary of performance, problems and issues linked to the use of the HSS funds. This is the section where the reporters point the attention of reviewers to key facts, what these mean and, if necessary, what can be done to improve future performance of HSS funds. 5.5.2 Are any Civil Society Organisations involved in the implementation of the HSS proposal? If so, describe their participation? Report also on any problems that have been encountered involving the use of HSS funds, such as delays in availability of funds for programme use.

Please include details on: the type of bank account(s) used (commercial versus government accounts); how budgets are approved; how funds are channelled to the sub-national levels; financial reporting arrangements at both the sub-national and national levels; and the overall role of the ICC in this process.	

5.7 <u>Detailed expenditure of HSS funds during the 2009 calendar year</u>

Please attach a detailed financial statement for the use of HSS funds during the 2009 calendar year **(Document N°......)**. (Terms of reference for this financial statement are attached in Annex 2). Financial statements should be signed by the Chief Accountant or by the Permanent Secretary of Ministry of Health.

If any expenditures for the January – April 2010 period are reported above in Table 16, a separate, detailed financial statement for the use of these HSS funds must also be attached **(Document N°......)**.

External audit reports for HSS, ISS and CSO-b programmes are due to the GAVI Secretariat six months following the close of your government's fiscal year. If an external audit report is available for your HSS programme during your government's most recent fiscal year, this should also be attached (**Document N**°......).

5.8 General overview of targets achieved

The indicators and objectives reported here should be exactly the same as the ones outlined in the original approved application and decision letter. There should be clear links to give an overview of the indicators used to measure outputs, outcomes and impact:

6.1.2 Nomination process

Please describe progress with processes for nominating CSO representatives to the HSCC (or equivalent) and ICC, and any selection criteria that have been developed. Please indicate the initial number of CSOs represented in the HSCC (or equivalent) and ICC, the current number and the final target. Please state how often CSO representatives attend meetings (% meetings attended).
Please provide Terms of Reference for the CSOs (if developed), or describe their expected roles below. State if there are guidelines/policies governing this. Outline the election process and how the CSO community will be/have been involved in the process, and any problems that have arisen.
Please state whether participation by CSOs in national level coordination mechanisms (HSCC or equivalent and ICC) has resulted in a change in the way that CSOs interact with the Ministry of Health. Is there now a specific team in the Ministry of Health responsible for linking with CSOs? Please also indicate whether there has been any impact on how CSOs interact with each other.

6.1.3 Receipt and expenditure of CSO Type A funds

Please ensure that the figures reported below are consistent with financial reports and/or audit reports submitted for CSO Type A funds for the 2009 year.

⁶ Type B GAVI Alliance CSO Support is available to 10 pilot GAVI eligible countries only: Afghanistan, Burundi, Bolivia, DR Congo, Ethiopia, Georgia, Ghana, Indonesia, Mozambique and Pakistan.

Please state whether the GAVI Alliance Type B support to CSOs has resulted in a change in the way that CSOs interact with the Ministry of Health, and or / how CSOs interact with each other.
Please outline whether the support has led to a change in the level and type of involvement by CSOs in immunisation and health systems strengthening (give the current number of CSOs involved, and the initial number).
Please outline any impact of the delayed disbursement of funds may have had on implementation and the need for any other support.

Please give the names of the CSOs that have been supported so far with GAVI Alliance Type B CSO support and the type of organisation. Please state if were previously involved in immunisation and / or health systems strengthening activities, and their relationship with the Ministry of Health.

For each CSO, please indicate the major activities that have been undertaken, and the outcomes that have been achieved as a result. Please refer to the expected outcomes listed in the proposal.

8. Comments

Comments from ICC/HSCC Chairs:

Please provide any comments that you may wish to bring to the attention of the monitoring IRC in the course of this review and any information you may wish to share in relation to challenges you have experienced during the year under review. These could be in addition to the approved minutes, which should be included in the attachments

Solomon Islands had benefited so much from the current arrangement with GAVI from 2006 to 2010 with co financing the Pentavalent vaccines and also looking forward to the next cMYP from 2011 to 2015. We had carried out the VSM which a way forward to further improve the management of Cold chain system.

GAVI ANNUAL PROGRESS REPORT ANNEX 2 TERMS OF REFERENCE: FINANCIAL STATEMENTS FOR IMMUNISATION SERVICES SUPPORT (ISS) AND NEW VACCINE INTRODUCTION GRANTS

- I. All countries that have received ISS /new vaccine introduction grants during the 2009 calendar year, or had balances of funding remaining from previously disbursed ISS/new vaccine introduction grants in 2009, are required to submit financial statements for these programmes as part of their Annual Progress Reports.
- II. Financial statements should be compiled based upon countries' own national standards for accounting, thus GAVI will not provide a single template to countries with predetermined cost categories.
- III. **At a minimum**, GAVI requires a simple statement of income and expenditure for activity during the 2009 calendar year, to be comprised of points (a) through (f), below. A sample basic statement of income and expenditure is provided on page 2 of this annex.
 - a. Funds carried forward from the 2008 calendar year (opening balance as of 1 January 2009)
 - b. Income received from GAVI during 2009
 - c. Other income received during 2009 (interest, fees, etc)
 - d. Total expenditure during the calendar year
 - e. Closing balance as of 31 December 2009
 - f. A detailed analysis of expenditures during 2009, based on your government's own system of economic classification. This analysis should summarise total annual expenditure for the year by your government's own system of economic classification, and relevant cost categories, for example: wages & salaries. If possible, please report on the budget for each category at the beginning of the calendar year, actual expenditure during the calendar year, and the balance remaining for each cost category as of 31 December 2009 (referred to as the "variance").
- IV. Financial statements should be compiled in local currency, with an indication of the USD exchange rate applied. Countries should provide additional explanation of how and why a particular rate of exchange has been applied, and any supplementary notes that may help the GAVI Alliance in its review of the financial statements.
- V. Financial statements need not have been audited/certified prior to their submission to GAVI. However, it is understood that these statements should be subjected to scrutiny during each country's external audit for the 2009 financial year. Audits for ISS are due to the GAVI Secretariat 6 months following the close of each country's financial year.
