

Annual Progress Report 2008

Submitted by

The Government of

UKRAINE

Reporting on year: __2008__

Requesting for support year: __2010/2011__

Date of submission: 15 May 2009

Deadline for submission: 15 May 2009

Please send an electronic copy of the Annual Progress Report and attachments to the following e-mail address: apr@gavialliance.org

and any hard copy could be sent to :

**GAVI Alliance Secrétariat,
Chemin de Mines 2.
CH 1202 Geneva,
Switzerland**

Enquiries to: apr@gavialliance.org or representatives of a GAVI partner agency. The documents can be shared with GAVI partners, collaborators and general public.

Government Signatures Page for all GAVI Support (ISS, INS, NVS, HSS, CSO)

Please note that Annual Progress reports will not be reviewed or approved by the Independent Review Committee without the signatures of both the Minister of Health & Finance or their delegated authority.

By signing this page, the whole report is endorsed, and the Government confirms that funding was used in accordance with the GAVI Alliance Terms and Conditions as stated in Section 9 of the Application Form.

For the Government of [Name of Country].....

Minister of Health:

Title: First Deputy Minister, Head Sanitary
Physician, Head of ICC

ICC Signatures Page

If the country is reporting on ISS, INS, NVS support

We, the undersigned members of the Inter-Agency Co-ordinating Committee endorse this report. Signature of endorsement of this document does not imply any financial (or legal) commitment on the part of the partner agency or individual.

Financial accountability forms an integral part of GAVI Alliance monitoring of reporting of country performance. It is based on the regular government audit requirements as detailed in the Banking form.

The ICC Members confirm that the funds received from the GAVI Funding Entity have been audited and accounted for according to standard government or partner requirements.

Signatures Page for GAVI Alliance CSO Support (Type A & B)

This report on the GAVI Alliance CSO Support has been completed by:

Name:

Post:

Organisation:.....

Date:

Signature:

This report has been prepared in consultation with CSO representatives participating in national level coordination mechanisms (HSCC or equivalent and ICC) and those involved in the mapping exercise (for Type A funding), and those receiving support from the GAVI Alliance fund to help implement the GAVI HSS proposal or cMYP (for Type B funding).

The consultation process has been approved by the Chair of the National Health Sector Coordinating Committee, HSCC (or equivalent) on behalf of the members of the HSCC:

Name:

Post:

Organisation:.....

Date:

Signature:

We, the undersigned members of the National Health Sector Coordinating Committee, (insert name) endorse this report on the GAVI Alliance CSO Support. The HSCC certifies that the named CSOs are bona fide organisations with the expertise and management capacity to complete the work described successfully.

Signature of endorsement does not imply any financial (or legal) commitment on the part of the partner agency or individual.

Annual Progress Report 2008: Table of Contents

This APR reports on activities between January - December 2008 and specifies requests for the period January - December 2010.

Table A: Latest baseline and annual targets

Table B: Updated baseline and annual targets

1. Immunization programme support (ISS, NVS, INS)

1.1 Immunization Services Support (ISS)

1.1.1 Management of ISS Funds

1.1.2 Use of Immunization Services Support

1.1.3 ICC meetings

1.1.4 Immunization Data Quality Audit

1.2 GAVI Alliance New and Under-used Vaccines (NVS)

1.2.1 Receipt of new and under-used vaccines

1.2.2 Major activities

1.2.3 Use of GAVI Alliance financial support (US\$100,000) for introduction of the new vaccine

1.2.4 Evaluation of Vaccine Management System

1.3 Injection Safety (INS)

1.3.1 Receipt of injection safety support

1.3.2 Progress of transition plan for safe injections and safe management of sharps waste

1.3.3 Statement on use of GAVI Alliance injection safety support (if received in the form of a cash contribution)

2. Vaccine Co-financing, Immunization Financing and Financial Sustainability

3. Request for new and under-used vaccine for 2010

3.1 Up-dated immunization targets

4. Health System Strengthening (HSS) Support

5. Strengthened Involvement of Civil Society Organisations (CSOs)

6. Checklist

7. Comments

Text boxes supplied in this report are meant only to be used as guides. Please feel free to add text beyond the space provided

Table A: Latest baseline and annual targets (From the most recent submissions to GAVI)

Number	Achievements as per JRF	Targets						
	2008	2009	2010	2011	2012	2013	2014	2015
Births								
Infants' deaths								
Surviving infants								
Pregnant women

Wastage ² rate in base-year and planned thereafter								
Duplicate these rows as many times as the number of new vaccines requested								
Target population vaccinated with 3 rd dose of								
..... Coverage**								
Target population vaccinated with 1 st dose of								
Wastage ¹ rate in base-year and planned thereafter								
Target population vaccinated with 1 st dose of Measles	460 286	454 194	444 108	427 739	424 529	424 169		
Target population vaccinated with 2 nd dose of Measles								
Measles coverage**								
Pregnant women vaccinated with TT+								
TT+ coverage****								
Vit A supplement	Mothers (<6 weeks from delivery)							
	Infants (>6 months)							
Annual DTP Drop out rate [(DTP1-DTP3)/DTP1] x100								
Annual Measles Drop out rate (for countries applying for YF)								

* Number of infants vaccinated out of total births

** Number of infants vaccinated out of surviving infants

*** Indicate total number of children vaccinated with either DTP alone or combined

**** Number of pregnant women vaccinated with TT+ out of total pregnant women

² The formula to calculate a vaccine wastage rate (in percentage): $[(A - B) / A] \times 100$. Whereby : A = The number of doses distributed for use according to the supply records with correction for stock balance at the end of the supply period; B = the number of vaccinations with the same vaccine in the same period. For new vaccines check table α after Table 7.1.

1. Immunization Programme Support (ISS, NVS, INS)

1.1 Immunization Services Support (ISS)

Were the funds received for ISS on-budget in 2008? (reflected in Ministry of Health and/or Ministry of Finance budget): Yes/No

If yes, please explain in detail how the GAVI Alliance ISS funding was reflected in the MoH/MoF budget in the box below.

If not, please explain why the GAVI Alliance ISS funding was not reflected in the MoH/MoF budget and whether there is an intention to get the ISS funding on-budget in the near future?

The current section is not applicable for Ukraine

1.1.1 Management of ISS Funds

Please describe the mechanism for management of ISS funds, including the role of the Inter-Agency Co-ordinating Committee (ICC).

Please report on any problems that have been encountered involving the use of those funds, such as delay in availability for programme use.

The current section is not applicable for Ukraine

1.1.2 Use of Immunization Services Support

In 2008, the following major areas of activities have been funded with the GAVI Alliance **Immunization Services Support** contribution.

Funds received during 2008 _____

Remaining funds (carry over) from 2007 USD 38 195.77

Balance to be carried over to 2009 USD 38 195.77

Table 1.1: Use of funds during 2008*

Area of Immunization Services Support	Total amount in US \$	AMOUNT OF FUNDS			
		PUBLIC SECTOR			PRIVATE SECTOR & Other
		Central	Region/State/Province	District	
Vaccines					
Injection supplies					
Personnel					
Transportation					
Maintenance and overheads					
Training					
IEC / social mobilization					
Outreach					
Supervision					
Monitoring and evaluation					
Epidemiological surveillance					
Vehicles					
Cold chain equipment					
Other (specify)					
Total:					
Remaining funds for next year:					

1.1.3 ICC meetings

How many times did the ICC meet in 2008? none

Please attach the minutes (DOCUMENT N°.....) from all the ICC meetings held in 2008 specially the ICC minutes when the allocation and utilization of funds were discussed.

Are any Civil Society Organizations members of the ICC: **[Yes/No]**

if yes, which ones? n/a

List CSO member organisations

Please report on major activities conducted to strengthen immunization, as well as problems encountered in relation to implementing your multi-year plan.

<i>The current section is not applicable for Ukraine</i>
--

Attachments:

Three (additional) documents are required as a prerequisite for continued GAVI ISS support in 2010:

- Signed minutes (DOCUMENT N°.....) of the ICC meeting that endorse this section of the Annual Progress Report for 2008. This should also include the minutes of the ICC meeting when the financial statement was presented to the ICC.
- Most recent external audit report (DOCUMENT N°.....) (e.g. Auditor General's Report or equivalent) of **account(s)** to which the GAVI ISS funds are transferred.
- Detailed Financial Statement of funds (DOCUMENT N°.....) spent during the reporting year (2008).
- The detailed Financial Statement must be signed by the Financial Controller in the Ministry of Health and/or Ministry of Finance and the chair of the ICC, as indicated below:

1.1.4 Immunization Data Quality Audit (DQA)

If a DQA was implemented in 2007 or 2008 please list the recommendations below:

List major recommendations
<i>The current section is not applicable for Ukraine</i>

Has a plan of action to improve the reporting system based on the recommendations from the last DQA been prepared?

YES

☐

NO

☐

If yes, what is the status of recommendations and the progress of implementation and attach the plan.

The current section is not applicable for Ukraine

Please highlight in which ICC meeting the plan of action for the last DQA was discussed and endorsed by the ICC. [mm/yyyy]

Please report on any studies conducted and challenges encountered regarding EPI issues and administrative data reporting during 2008 (for example, coverage surveys, DHS, house hold surveys, etc).

List studies conducted:

Special studies were not conducted.

Monitoring of immunization coverage and expense of vaccines in Ukraine are being conducted from 1999 using a monthly information and analytical form «Ukrvak», certified by the Ministry of Health order. It allows to conduct monthly monitoring of indexes, which are not included to the official statistical forms № 5 and 6, and also to have a graphic representation of indices of immunization effectiveness. The «Ukrvak» form is designed and introduced with the technical support of PATH Representative Office in Ukraine. Starting 2005 all departments which are directly under the Ministry of Health of Ukraine are also included in this program, which allows carrying out monitoring of immunization on a par with the regions.

List challenges in collecting and reporting administrative data:

The current section is not applicable for Ukraine

1.2. GAVI Alliance New & Under-used Vaccines Support (NVS)

1.2.1. Receipt of new and under-used vaccines during 2008

When was the new and under-used vaccine introduced? Please include change in doses per vial and change in presentation, (e.g. DTP + HepB mono to DTP-HepB)

[List new and under-used vaccine introduced in 2008]

[List any change in doses per vial and change in presentation in 2008]

Dates shipments were received in 2008.

Vaccine	Vials size	Total number of Doses	Date of Introduction	Date shipments received (2008)
HepB	0,5	1	Year 2003	no shipment
	5	10	Year 2003	no shipment

Please report on any problems encountered.

[List problems encountered]

1.2.2. Major activities

Please outline major activities that have been or will be undertaken, in relation to, introduction, phasing-in, service strengthening, etc. and report on problems encountered.

- before extensive introduction of Hepatitis B vaccine of the Ministry of Health of Ukraine and the Inter-Agency Coordinating Committee made a calculation of vaccine demand: general amount of doses, necessary for steady immunization during 5 years (from 2003 to 2007) - approximately 6 million doses, of them

- monodose - 30%;
- 10-doses 70%

- universal introduction of the vaccine was started after implementation of the additional staff training and corresponding preparatory phase, during which the following measures were undertaken:

- modernization of storage facilities and cold chain equipment in the regions for storage of the new vaccine;
- trainings of the medical staff and population on the issues, related to hepatitis B and vaccination for the prevention of this illness;
- administration of the vaccine using safe injection techniques;
- reduction of vaccine wastage;

Starting from 2005 in the state budget of the country financing for annual procurement of hepatitis B vaccine is incorporated in accordance with the obligations of Ukraine (application, submitted to GAVI).

1.2.3. Use of GAVI funding entity support for the introduction of the new vaccine

These funds were received on: 23 February 04

Please report on the proportion of introduction grant used, activities undertaken, and problems encountered such as delay in availability of funds for programme use.

2005 - purchase of 3 automobiles «Gazelle», which later were additionally equipped as micro-refrigerators ("thermo kings" were installed) for transportation of vaccines to the amount of 36,045.71 US\$;

2006 – 8,455.27 US\$ were spent for conducting of a seminar at national level for the leaders of the programmes of immunoprophylaxis of middle link on surveillance for measles, poliomyelitis and introduction of vaccine for the prophylaxis of Hib-infections.

2007 year - the first party of technical (computers, printers) means and equipment is bought in for regional санэпидстанции to the amount of 17 303, 25 \$ USA for the improvement of monitoring of coverage inoculations against hepatitis In new-born is can be attributed to the measures on support of services immunization.

Problems:

Up to 2005 year these funds were not used due to a delay in the receipt of assignments. It was caused by acting in the country legislation which does not eliminate taxation of incoming funds. Workup of a mechanism of receipt and opening of the protected special purpose account took some time, inflow of funds took place on 23.02.04 and they are at the Kiev branch of the Joint Stock Bank «Chernomorskiy Bank of Development and Reconstruction». Cabinet of the Ministries took a special decision to recognize these funds as a humanitarian aid for the country.

1.2.4. Effective Vaccine Store Management/Vaccine Management Assessment

When was the last Effective Vaccine Store Management (EVSM)/Vaccine Management Assessment (VMA) conducted?

February 2008 by WHO as part of «Integrated Immunization Quality and Safety Assessment »

If conducted in 2007/2008, please summarize the major recommendations from the EVSM/VMA.

- ✓ Certification of national warehouse on the program "The Effective Management of Vaccine Storage".
- ✓ Centralization of supply and distribution of all consumables for immunization (syringes, boxes for safe utilization) for the exception of the use of equipment that does not meet the standards.
- ✓ Optimization of a procedure of admittance of the immunobiologicals for use on the territory of Ukraine to prevent cases of their shortage at the warehouses and ensuring conducting of continuous immunization. Creation of the immunobiologicals and consumables stock.
- ✓ Ratification of the model plan of quality.
- ✓ Ensuring more long-term storage of immunobiologicals at the central warehouse to provide the higher guarantee of their safety.
- ✓ To consider a possibility of integration of the warehouses for storage of the immunobiologicals and medicines at the regional level.
- ✓ To conduct training for personnel of vaccine warehouses, development and realization of a plan of replacement of equipment for a cold chain at the level of medical institutions.
- ✓ Strict observance of vaccines supply plan in accordance with the ratified time-schedule.
- ✓ Use of freezing indicators for all of vaccines, sensible to freezing at all stages of the cold-chain/ conditioned cold units

Was an action plan prepared following the EVSM/VMA? Yes/**No**

If yes, please summarize main activities under the EVSM plan and the activities to address the recommendations and their implementation status.

The current section is not applicable for Ukraine

When will the next EVSM/VMA* be conducted? [mm/yyyy]

**All countries will need to conduct an EVSM/VMA in the second year of new vaccines supported under GAVI Phase 2.*

Table 1.2

Vaccine 1:	
Anticipated stock on 1 January 2010	
Vaccine 2:	
Anticipated stock on 1 January 2010	
Vaccine 3:	
Anticipated stock on 1 January 2010	

1.3 Injection Safety

1.3.1 Receipt of injection safety support (for relevant countries)

Are you receiving Injection Safety support in cash or supplies?.....

If yes, please report on receipt of injection safety support provided by the GAVI Alliance during 2008 (add rows as applicable).

Injection Safety Material	Quantity	Date received
AD syringes	0,5 ml- 439,000	May 2008
Safety boxes	4,900	May 2008

Please report on any problems encountered.

[List problems]

1.3.2. Even if you have not received injection safety support in 2008 please report on progress of transition plan for safe injections and management of sharps waste.

If support has ended, please report how injection safety supplies are funded.

Financing for the procurement of injection equipment is foreseen by the budget at the regional level.

Please report how sharps waste is being disposed of.

When Ukraine was a part of the USSR there was a certain system on collection and utilization of disposable syringes, which continued to operate to the present. The Order of the Ministry of Health of Ukraine # 223 dated of 22.10.93. "On Collection, Disinfection and Handing the Utilized Plastic Disposables" was issued in our country. Considerable part of the utilized disposable syringes, both of domestic and foreign production, after the chemical disinfection accumulated in treatment and prophylactic institutions (in specially assigned rooms). Persons, responsible for disinfection, collection and storage of such goods, were designated in all medical institutions. Usually these responsible persons are selected among senior staff nurses of the departments and senior staff nurses of medical institutions. This system regards both syringes, used in the somatic departments and for prophylactic immunization. Medical institutions hand over disinfected and dismantled syringes (with taken off needle) for processing to the different enterprises dealing with processing of plastic goods et cetera. In exchange for these disposables the medical institutions received from the processing enterprises either compensation in money or goods produced by these enterprises (against the cost of secondary raw materials - plastic buckets for cleaning, goods for nursing care – e.g. chamber-pots). The main disadvantage of this system was a high risk for medical staff (manipulation during disinfection measures and disassembling of utilized syringes made manually).

Please report problems encountered during the implementation of the transitional plan for safe injection and sharps waste.

When our country received support from GAVI - vaccine and self-blocking syringes (hereinafter SB-syringes) there was a problem with their utilization at processing enterprises due to a metallic plate in a syringe). WHO recommendations on utilization of such syringes by incineration in high temperature waste incinerators by open incineration and burial – in practice were not applicable for a number of reasons:

- absence of waste incinerators at the medical institutions;
- in large cities, where high temperature industrial stoves are available, incineration of such syringes is possible subject to payment for services;
- open incineration of similar goods in the country is forbidden legislatively.

For developing further policy on utilization of SB-syringes the Ministry of Health of Ukraine made a decision to accumulate them in treatment and prophylactic institutions for some time until the making a strategic decision about the methods of their utilization.

Taking into account all mentioned above a necessity of revision of the old systems of utilization of medical wastes became obvious. Taking into account existing experience on processing of disposable syringes for possible continuation of such utilization (including SB-syringes) it was necessary to conduct the trial of the new system, allowing to enhance considerable safety during immunization and utilization of the used SB-syringes. Medical and prophylactic institutions from Kyiv and Khmel'nytskiy regions participated in WHO pilot project on processing of the SB-syringes.

Due to the obtained results of implementation of the pilot project on processing of the SB-syringes in the cities Kiev and Lugansk utilization of disposable and SB-syringes is conducted by processing. Draft normative documentation is designed in Ukraine on utilization of medical wastes, including a section on utilization of disposable (including SB) syringes. At the current stage in Ukraine draft normative documentation - state sanitary rules "The Rules on Handling Wastes of the Treatment and Prophylactic Institutions" is developed, which has not yet been agreed with the Ministry of Environmental Protection.

1.3.3. Statement on use of GAVI Alliance injection safety support in 2008 (if received in the form of a cash contribution)

The following major areas of activities have been funded (specify the amount) with the GAVI Alliance injection safety support in the past year:

No

2. Vaccine Immunization Financing, Co-financing, and Financial Sustainability

Table 2.1: Overall Expenditures and Financing for Immunization

The purpose of Table 2.1 is to guide GAVI understanding of the broad trends in immunization programme expenditures and financial flows.

Please the following table should be filled in using US \$.

	Reporting Year 2008	Reporting Year + 1	Reporting Year + 2
	Expenditures	Budgeted	Budgeted
<i>Expenditures by Category</i>			
Traditional Vaccines	43,116,000		
New Vaccines			
Injection supplies			
Cold Chain equipment	684,200		
Operational costs			
Other (please specify)	121,000		
Total EPI	43,921,000		
Total Government Health	43,921,000		

Exchange rate used	
--------------------	--

Please describe trends in immunization expenditures and financing for the reporting year, such as differences between planned versus actual expenditures, financing and gaps. Give details on the reasons for the reported trends and describe the financial sustainability prospects for the immunization program over the next three years; whether the funding gaps are manageable, challenge, or alarming. If either of the latter two is applicable, please explain the strategies being pursued to address the gaps and indicate the sources/causes of the gaps.

Future Country Co-Financing (in US\$)

Please refer to the excel spreadsheet Annex 1 and proceed as follows:

- Please complete the excel sheet's "Country Specifications" Table in Tab 1 of Annex 1, using the data available in the other Tabs: Tab 3 for the commodities price list, Tab 5 for the vaccine wastage factor and Tab 4 for the minimum co-financing levels per dose.
- Then please copy the data from Annex 1 (Tab "Support Requested" Table 2) into Tables 2.2.1 (below) to summarize the support requested, and co-financed by GAVI and by the country.

Please submit the electronic version of the excel spreadsheets Annex 1 (one Annex for each vaccine requested) together with the application.

Table 2.2.1 is designed to help understand future country level co-financing of GAVI awarded vaccines. If your country has been awarded more than one new vaccine please complete as many tables as per each new vaccine being co-financed (Table 2.2.2; Table 2.2.3;)

Table 2.2.1: Portion of supply to be co-financed by the country (and cost estimate, US\$)

<i>1st vaccine:</i>		2010	2011	2012	2013	2014	2015
Co-financing level per dose							
Number of vaccine doses	#						
Number of AD syringes	#						
Number of re-constitution syringes	#						
Number of safety boxes	#						
Total value to be co-financed by country	\$						

Table 2.2.2: Portion of supply to be co-financed by the country (and cost estimate, US\$)

<i>2nd vaccine:</i>		2010	2011	2012	2013	2014	2015
Co-financing level per dose							
Number of vaccine doses	#						
Number of AD syringes	#						
Number of re-constitution syringes	#						
Number of safety boxes	#						
Total value to be co-financed by country	\$						

Table 2.2.3: Portion of supply to be co-financed by the country (and cost estimate, US\$)

<i>3rd vaccine:</i>		2010	2011	2012	2013	2014	2015
Co-financing level per dose							
Number of vaccine doses	#						
Number of AD syringes	#						
Number of re-constitution syringes	#						
Number of safety boxes	#						
Total value to be co-financed by country	\$						

Table 2.3: Country Co-Financing in the Reporting Year (2008)

Q.1: How have the proposed payment schedules and actual schedules differed in the reporting year?			
Schedule of Co-Financing Payments	Planned Payment Schedule in Reporting Year	Actual Payments Date in Reporting Year	Proposed Payment Date for Next Year
	(month/year)	(day/month)	
1st Awarded Vaccine (specify)			
2nd Awarded Vaccine (specify)			
3rd Awarded Vaccine (specify)			

Q. 2: How Much did you co-finance?		
Co-Financed Payments	Total Amount in US\$	Total Amount in Doses
1st Awarded Vaccine (specify)		
2nd Awarded Vaccine (specify)		
3rd Awarded Vaccine (specify)		

Q. 3: What factors have slowed or hindered or accelerated mobilization of resources for vaccine co-financing?	
1.	
2.	
3.	
4.	

If the country is in default please describe and explain the steps the country is planning to come out of default.

3. Request for new and under-used vaccines for year 2010

Section 3 is to the request new and under-used vaccines and related injection safety supplies for 2010.

3.1. Up-dated immunization targets

Please provide justification and reasons for changes to baseline, targets, wastage rate, vaccine presentation, etc. from the previously approved plan, and on reported figures which differ from those reported in the **WHO/UNICEF Joint Reporting Form** in the space provided below.

Are there changes between table A and B? **Yes/no**

If there are changes, please describe the reasons and justification for those changes below:

At the moment when an application was submitted to GAVI birth rate declined in Ukraine. Submitted in 2003 application was prepared taking into account prognostic indicators of 2001, which were based on the trends of birth rate decline.

Over the past four years a steady increase of birth rate has been observed after a long period of decline. Therefore, the numbers of target contingents differs from the original application. In connection with the completion of the immunization program for 2002-2006 and establishment of a new immunization program for 2007-2015, on the request of MoH of Ukraine the Institute of Demography and Social Sciences, Academy of Medical Sciences of Ukraine made a forecast of birth rate for the period 2007-2013. The data used in the reporting forms GAVI.

Provide justification for any changes **in births**:

Provide justification for any changes **in surviving infants**:

Provide justification for any changes **in Targets by vaccine**:

Provide justification for any changes **in Wastage by vaccine**:

Vaccine 1:

Please refer to the excel spreadsheet Annex 1 and proceed as follows:

- Please complete the “Country Specifications” Table in Tab 1 of Annex 1, using the data available in the other Tabs: Tab 3 for the commodities price list, Tab 5 for the vaccine wastage factor and Tab 4 for the minimum co-financing levels per dose.
- Please summarise the list of specifications of the vaccines and the related vaccination programme in Table 3.1 below, using the population data (from Table B of this APR) and the price list and co-financing levels (in Tables B, C, and D of Annex 1).
- Then please copy the data from Annex 1 (Tab “Support Requested” Table 1) into Table 3.2 (below) to summarize the support requested, and co-financed by GAVI and by the country.

Please submit the electronic version of the excel spreadsheets Annex 1 together with the application.

(Repeat the same procedure for all other vaccines requested and fill in tables 3.3; 3.4;)

Table 3.1: Specifications of vaccinations with new vaccine

	<i>Use data in:</i>		2010	2011	2012	2013	2014	2015
Number of children to be vaccinated with the third dose	<i>Table B</i>	#						
Target immunisation coverage with the third dose	<i>Table B</i>	#						
Number of children to be vaccinated with the first dose	<i>Table B</i>	#						
Estimated vaccine wastage factor	<i>Excel sheet Table E - tab 5</i>	#						
Country co-financing per dose *	<i>Excel sheet Table D - tab 4</i>	\$						

* Total price pre dose includes vaccine cost, plus freight, supplies, insurance, fees, etc

Table 3.2: Portion of supply to be procured by the GAVI Alliance (and cost estimate, US\$)

		2010	2011	2012	2013	2014	2015
Number of vaccine doses	#						
Number of AD syringes	#						
Number of re-constitution syringes	#						
Number of safety boxes	#						
Total value to be co-financed by GAVI	\$						

Vaccine 2:

Same procedure as above (table 3.1 and 3.2)

Table 3.3: Specifications of vaccinations with new vaccine

	<i>Use data in:</i>		2010	2011	2012	2013	2014	2015
Number of children to be vaccinated with the third dose	<i>Table B</i>	#						
Target immunisation coverage with the third dose	<i>Table B</i>	#						
Number of children to be vaccinated with the first dose	<i>Table B</i>	#						
Estimated vaccine wastage factor	<i>Excel sheet Table E - tab 5</i>	#						
Country co-financing per dose *	<i>Excel sheet Table D - tab 4</i>	\$						

* Total price pre dose includes vaccine cost, plus freight, supplies, insurance, fees, etc

Table 3.4: Portion of supply to be procured by the GAVI Alliance (and cost estimate, US\$)

		2010	2011	2012	2013	2014	2015
Number of vaccine doses	#						
Number of AD syringes	#						
Number of re-constitution syringes	#						
Number of safety boxes	#						
Total value to be co-financed by GAVI	\$						

Vaccine 3:*Same procedure as above (table 3.1 and 3.2)***Table 3.5: Specifications of vaccinations with new vaccine**

	<i>Use data in:</i>		2010	2011	2012	2013	2014	2015
Number of children to be vaccinated with the third dose	<i>Table B</i>	#						
Target immunisation coverage with the third dose	<i>Table B</i>	#						
Number of children to be vaccinated with the first dose	<i>Table B</i>	#						
Estimated vaccine wastage factor	<i>Excel sheet Table E - tab 5</i>	#						
Country co-financing per dose *	<i>Excel sheet Table D - tab 4</i>	\$						

* Total price pre dose includes vaccine cost, plus freight, supplies, insurance, fees, etc

Table 3.6: Portion of supply to be procured by the GAVI Alliance (and cost estimate, US\$)

		2010	2011	2012	2013	2014	2015
Number of vaccine doses	#						
Number of AD syringes	#						
Number of re-constitution syringes	#						
Number of safety boxes	#						
Total value to be co-financed by GAVI	\$						

4. Health Systems Strengthening (HSS)

Instructions for reporting on HSS funds received

1. As a Performance-based organisation the GAVI Alliance expects countries to report on their performance – this has been the principle behind the Annual Progress Reporting –APR– process since the launch of the GAVI Alliance. Recognising that reporting on the HSS component can be particularly challenging given the complex nature of some HSS interventions the GAVI Alliance has prepared these notes aimed at helping countries complete the HSS section of the APR report.
2. All countries are expected to report on HSS on the basis of the January to December calendar year. Reports should be received by 15th May of the year after the one being reported.
3. This section **only needs to be completed by those countries that have been approved and received funding for their HSS proposal before or during the last calendar year**. For countries that received HSS funds within the last 3 months of the reported year can use this as an inception report to discuss progress achieved and in order to enable release of HSS funds for the following year on time.
4. It is very important to fill in this reporting template thoroughly and accurately, and to ensure that **prior to its submission to the GAVI Alliance this report has been verified by the relevant country coordination mechanisms** (ICC, HSCC or equivalent) in terms of its accuracy and validity of facts, figures and sources used. Inaccurate, incomplete or unsubstantiated reporting may lead to the report not being accepted by the Independent Review Committee (IRC) that monitors all APR reports, in which case the report might be sent back to the country and this may cause delays in the release of further HSS funds. Incomplete, inaccurate or unsubstantiated reporting may also cause the IRC to recommend against the release of further HSS funds.
5. Please use additional space than that provided in this reporting template, as necessary.

4.1 Information relating to this report:

- a) Fiscal year runs from(month) to(month).
- b) This HSS report covers the period from(month/year) to(month/year)
- c) Duration of current National Health Plan is from(month/year) to(month/year).
- d) Duration of the immunisation cMYP:
- e) Who was responsible for putting together this HSS report who may be contacted by the GAVI secretariat or by the IRC for any possible clarifications?

It is important for the IRC to understand key stages and actors involved in the process of putting the report together. For example: *'This report was prepared by the Planning Directorate of the Ministry of Health. It was then submitted to UNICEF and the WHO country offices for necessary verification of sources and review. Once their feedback had been acted upon the report was finally sent to the Health Sector Coordination Committee (or ICC, or equivalent) for final review and approval. Approval was obtained at the meeting of the HSCC on 10th March 2008. Minutes of the said meeting have been included as annex XX to this report.'*

Name	Organisation	Role played in report submission	Contact email and telephone number
Government focal point to contact for any clarifications			
Other partners and contacts who took part in putting this report together			

- f) Please describe briefly the main sources of information used in this HSS report and how was information verified (validated) at country level prior to its submission to the GAVI Alliance. Were any issues of substance raised in terms of accuracy or validity of information and, if so, how were these dealt with or resolved?

This issue should be addressed in each section of the report, as different sections may use different sources. In this section however one might expect to find what the MAIN sources of information were and a mention to any IMPORTANT issues raised in terms of validity, reliability, etcetera of information presented. For example: *The main sources of information used have been the external Annual Health Sector Review undertaken on (such date) and the data from the Ministry of Health Planning Office. WHO questioned some of the service coverage figures used in section XX and these were tallied with WHO's own data from the YY study. The relevant parts of these documents used for this report have been appended to this report as annexes X, Y and Z.*

--

- g) In putting together this report did you experience any difficulties that are worth sharing with the GAVI HSS Secretariat or with the IRC in order to improve future reporting? Please provide any suggestions for improving the HSS section of the APR report? Are there any ways for HSS reporting to be more harmonised with existing country reporting systems in your country?

4.2 Overall support breakdown financially

Period for which support approved and new requests. For this APR, these are measured in calendar years, but in future it is hoped this will be fiscal year reporting:

	Year								
	2007	2008	2009	2010	2011	2012	2013	2014	2015
Amount of funds approved									
Date the funds arrived									
Amount spent									
Balance									
Amount requested									

Amount spent in 2008:

Remaining balance from total:

Table 4.3 note: This section should report according to the original activities featuring in the HSS proposal. It is very important to be precise about the extent of progress, so please allocate a percentage to each activity line, from 0% to 100% completion.. Use the right hand side of the table to provide an explanation about progress achieved as well as to bring to the attention of the reviewers any issues relating to changes that have taken place or that are being proposed in relation to the original activities.

Please do mention whenever relevant the **SOURCES** of information used to report on each activity. The section on **support functions** (management, M&E and Technical Support) is also very important to the GAVI Alliance. Is the management of HSS funds effective, and is action being taken on any salient issues? Have steps been taken to improve M&E of HSS funds, and to what extent is the M&E integrated with country systems (such as, for example, annual sector reviews)? Are there any issues to raise in relation to technical support needs or gaps that might improve the effectiveness of HSS funding?

Table 4.3 HSS Activities in reporting year (ie. 2008)						
Major Activities	Planned Activity for reporting year	Report on progress ³ (% achievement)	Available GAVI HSS resources for the reporting year (2008)	Expenditure of GAVI HSS in reporting year (2008)	Carried forward (balance) into 2009)	Explanation of differences in activities and expenditures from original application or previously approved adjustment and detail of achievements
Objective 1:						
Activity 1.1:						
Activity 1.2:						
Objective 2:						
Activity 2.1:						
Activity 2.2:						
Objective 3:						
Activity 3.1:						

³ For example, number of Village Health Workers trained, numbers of buildings constructed or vehicles distributed

Activity 3.2:						
Support Functions						
Management						
M&E						
Technical Support						

Table 4.4 note: This table should provide up to date information on work taking place in the first part of the year when this report is being submitted i.e. between January and April 2009 for reports submitted in May 2009.

The column on Planned expenditure in coming year should be as per the estimates provided in the APR report of last year (Table 4.6 of last year's report) or –in the case of first time HSS reporters- as shown in the original HSS proposal.

Any significant differences (15% or higher) between previous and present “planned expenditure” should be explained in the last column on the right.

Table 4.4 Planned HSS Activities for current year (ie. January – December 2009) and emphasise which have been carried out between January and April 2009					
Major Activities	Planned Activity for current year (ie.2009)	Planned expenditure in coming year	Balance available (To be automatically filled in from previous table)	Request for 2009	Explanation of differences in activities and expenditures from original application or previously approved adjustments**
Objective 1:					
Activity 1.1:					
Activity 1.2:					
Objective 2:					
Activity 2.1:					
Activity 2.2:					
Objective 3:					
Activity 3.1:					
Activity 3.2:					
Support costs					
Management costs					

M&E support costs					
Technical support					
TOTAL COSTS				(This figure should correspond to the figure shown for 2009 in table 4.2)	

Table 4.5 Planned HSS Activities for next year (ie. 2010 FY) This information will help GAVI's financial planning commitments

Major Activities	Planned Activity for current year (ie.2009)	Planned expenditure in coming year	Balance available (To be automatically filled in from previous table)	Request for 2010	Explanation of differences in activities and expenditures from original application or previously approved adjustments**
Objective 1:					
Activity 1.1:					
Activity 1.2:					
Objective 2:					
Activity 2.1:					
Activity 2.2:					
Objective 3:					
Activity 3.1:					
Activity 3.2:					
Support costs					
Management costs					
M&E support costs					
Technical support					
TOTAL COSTS					

4.6 Programme implementation for reporting year:

- a) Please provide a narrative on major accomplishments (especially impacts on health service programs, notably the immunization program), problems encountered and solutions found or proposed, and any other salient information that the country would like GAVI to know about. Any reprogramming should be highlighted here as well.

This section should act as an executive summary of performance, problems and issues linked to the use of the HSS funds. This is the section where the reporters point the attention of reviewers to **key facts**, what these mean and, if necessary, what can be done to improve future performance of HSS funds.

- b) Are any Civil Society Organizations involved in the implementation of the HSS proposal? If so, describe their participation? For those pilot countries that have received CSO funding there is a separate questionnaire focusing exclusively on the CSO support after this HSS section.*

4.7 Financial overview during reporting year:

4.7 note: In general, HSS funds are expected to be visible in the MOH budget and add value to it, rather than HSS being seen or shown as separate “project” funds. These are the kind of issues to be discussed in this section

- a) Are funds on-budget (reflected in the Ministry of Health and Ministry of Finance budget): Yes/No If not, why not and how will it be ensured that funds will be on-budget ? Please provide details.*

- b) Are there any issues relating to financial management and audit of HSS funds or of their linked bank accounts that have been raised by auditors or any other parties? Are there any issues in the audit report (to be attached to this report) that relate to the HSS funds? Please explain.*

4.8 General overview of targets achieved

Table 4.8 Progress on Indicators included in application												
Strategy	Objective	Indicator	Numerator	Denominator	Data Source	Baseline Value	Source	Date of Baseline	Target	Date for Target	Current status	Explanation of any reasons for non achievement of targets

4.9 Attachments

Five pieces of further information are required for further disbursement or allocation of future vaccines.

- a. Signed minutes of the HSCC meeting endorsing this reporting form
- b. Latest Health Sector Review report
- c. Audit report of account to which the GAVI HSS funds are transferred to
- d. Financial statement of funds spent during the reporting year (2008)
- e. This sheet needs to be signed by the government official in charge of the accounts HSS funds have been transferred to, as below.

Financial Comptroller Ministry of Health:

Name:

Title / Post:

Signature:

Date:

5. Strengthened Involvement of Civil Society Organisations (CSOs)

1.1 TYPE A: Support to strengthen coordination and representation of CSOs

This section is to be completed by countries that have received GAVI TYPE A CSO support⁴

Please fill text directly into the boxes below, which can be expanded to accommodate the text.

Please list any abbreviations and acronyms that are used in this report below:

5.1.1 Mapping exercise

Please describe progress with any mapping exercise that has been undertaken to outline the key civil society stakeholders involved with health systems strengthening or immunisation. Please identify conducted any mapping exercise, the expected results and the timeline (please indicate if this has changed).

⁴ Type A GAVI Alliance CSO support is available to all GAVI eligible countries.
Annual Progress Report 2008

Please describe any hurdles or difficulties encountered with the proposed methodology for identifying the most appropriate in-country CSOs involved or contributing to immunisation, child health and/or health systems strengthening. Please describe how these problems were overcome, and include any other information relating to this exercise that you think it would be useful for the GAVI Alliance secretariat or Independent Review Committee to know about.

5.1.2 Nomination process

Please describe progress with processes for nominating CSO representatives to the HSCC (or equivalent) and ICC, and any selection criteria that have been developed. Please indicate the initial number of CSOs represented in the HSCC (or equivalent) and ICC, the current number and the final target. Please state how often CSO representatives attend meetings (% meetings attended).

Please provide Terms of Reference for the CSOs (if developed), or describe their expected roles below. State if there are guidelines/policies governing this. Outline the election process and how the CSO community will be/have been involved in the process, and any problems that have arisen.

Please state whether participation by CSOs in national level coordination mechanisms (HSCC or equivalent and ICC) has resulted in a change in the way that CSOs interact with the Ministry of Health. Is there now a specific team in the Ministry of Health responsible for linking with CSOs? Please also indicate whether there has been any impact on how CSOs interact with each other.

5.1.3 Receipt of funds

Please indicate in the table below the total funds approved by GAVI (by activity), the amounts received and used in 2008, and the total funds due to be received in 2009 (if any).

ACTIVITIES	Total funds approved	2008 Funds US\$			Total funds due in 2009
		Funds received	Funds used	Remaining balance	
Mapping exercise					
Nomination process					
Management costs					
TOTAL COSTS					

5.1.4 Management of funds

Please describe the mechanism for management of GAVI funds to strengthen the involvement and representation of CSOs, and indicate if and where this differs from the proposal. Please identify who has overall management responsibility for use of the funds, and report on any problems that have been encountered involving the use of those funds, such as delay in availability for programme use.

TYPE B: Support for CSOs to help implement the GAVI HSS proposal or cMYP

This section is to be completed by countries that have received GAVI TYPE B CSO support⁵

Please fill in text directly into the boxes below, which can be expanded to accommodate the text.

Please list any abbreviations and acronyms that are used in this report below:

5.2.1 Programme implementation

Briefly describe progress with the implementation of the planned activities. Please specify how they have supported the implementation of the GAVI HSS proposal or cMYP (refer to your proposal). State the key successes that have been achieved in this period of GAVI Alliance support to CSOs.

Please indicate any major problems (including delays in implementation), and how these have been overcome. Please also identify the lead organisation responsible for managing the grant implementation (and if this has changed from the proposal), the role of the HSCC (or equivalent).

⁵ Type B GAVI Alliance CSO Support is available to 10 pilot GAVI eligible countries only: Afghanistan, Burundi, Bolivia, DR Congo, Ethiopia, Georgia, Ghana, Indonesia, Mozambique and Pakistan.

Please state whether the GAVI Alliance Type B support to CSOs has resulted in a change in the way that CSOs interact with the Ministry of Health, and or / how CSOs interact with each other.

Please outline whether the support has led to a greater involvement by CSOs in immunisation and health systems strengthening (give the current number of CSOs involved, and the initial number).

Please give the names of the CSOs that have been supported so far with GAVI Alliance Type B CSO support and the type of organisation. Please state if were previously involved in immunisation and / or health systems strengthening activities, and their relationship with the Ministry of Health.

For each CSO, please indicate the major activities that have been undertaken, and the outcomes that have been achieved as a result. Please refer to the expected outcomes listed in the proposal.

Name of CSO (and type of organisation)	Previous involvement in immunisation / HSS	GAVI supported activities undertaken in 2008	Outcomes achieved

Please list the CSOs that have not yet been funded, but are due to receive support in 2009/2010, with the expected activities and related outcomes. Please indicate the year you expect support to start. Please state if are currently involved in immunisation and / or health systems strengthening.

Please also indicate the new activities to be undertaken by those CSOs already supported.

Name of CSO (and type of organisation)	Current involvement in immunisation / HSS	GAVI supported activities due in 2009 / 2010	Expected outcomes

5.2.2 Receipt of funds

Please indicate in the table below the total funds approved by GAVI, the amounts received and used in 2008, and the total funds due to be received in 2009 and 2010. Please put every CSO in a different line, and include all CSOs expected to be funded during the period of support. Please include all management costs and financial auditing costs, even if not yet incurred.

NAME OF CSO	Total funds approved	2008 Funds US\$ (,000)			Total funds due in 2009	Total funds due in 2010
		Funds received	Funds used	Remaining balance		
Management costs (of all CSOs)						
Management costs (of HSCC / TWG)						
Financial auditing costs (of all CSOs)						
TOTAL COSTS						

5.2.3 Management of funds

Please describe the financial management arrangements for the GAVI Alliance funds, including who has overall management responsibility and indicate where this differs from the proposal. Describe the mechanism for budgeting and approving use of funds and disbursement to CSOs.

--

Please give details of the management and auditing costs listed above, and report any problems that have been experienced with management of funds, including delay in availability of funds.

5.2.4 Monitoring and Evaluation

Please give details of the indicators that are being used to monitor performance. Outline progress in the last year (baseline value and current status), and the targets (with dates for achievement).

These indicators will be in the CSO application and reflect the cMYP and / or GAVI HSS proposal.

Activity / outcome	Indicator	Data source	Baseline value	Date of baseline	Current status	Date recorded	Target	Date for target

Finally, please give details of the mechanisms that are being used to monitor these indicators, including the role of beneficiaries in monitoring the progress of activities, and how often this occurs. Indicate any problems experienced in measuring the indicators, and any changes proposed.

6. Checklist

Checklist of completed form:

Form Requirement:	Completed	Comments
Date of submission	15 May 2009	
Reporting Period (consistent with previous calendar year)	2008	
Government signatures	yes	
ICC endorsed	yes	
ISS reported on	provided	
DQA reported on	no	
Reported on use of Vaccine introduction grant	yes	
Injection Safety Reported on	provided	
Immunisation Financing & Sustainability Reported on (progress against country IF&S indicators)	no	
New Vaccine Request including co-financing completed and Excel sheet attached	yes, without co-financing	
Revised request for injection safety completed (where applicable)	n/a	
HSS reported on	n/a	
ICC minutes attached to the report	yes	
HSCC minutes, audit report of account for HSS funds and annual health sector review report attached to Annual Progress Report	n/a	

7. Comments

ICC/HSCC comments:

Please provide any comments that you may wish to bring to the attention of the monitoring IRC in the course of this review and any information you may wish to share in relation to challenges you have experienced during the year under review.

~ End ~
