

UPDATE FROM THE *GLOBAL SUMMIT: HEALTH & PROSPERITY THROUGH IMMUNISATION*

BOARD MEETING

Marie-Ange Saraka-Yao

24-25 July 2025, Geneva, Switzerland

Unprecedented global support at the Summit

450 participants...

- Co-hosted by H.E. Ursula von der Leyen, **President of the European Commission**, H.E. António Costa, **President of the European Council**, and Mr. Bill Gates, **Chair of the Gates Foundation**
- Convened **10 Heads of State & Government**, and **25 ministers**
- **55 countries represented**, including 34 Gavi implementing countries, 21 key donor countries
- **10 CEO, Chair, President** of industries & private sector
- **10 top leaders** of international & financial institutions
- **10 top leadership** of global and local CSOs
- Youth voices and advocates...

Framing the future of immunisation

- Partner countries expressed ambitions to **become future Gavi donors**, highlighting how immunisation drives **ownership, resilience, and shared prosperity**
- Strong endorsements of **Gavi LEAP** mark a **shift toward country-led priorities and deeper collaboration** across global health initiatives to deliver at the last mile
- Gavi's **innovative finance placed as key to unlocking impact** - enabling equity, R&D, stockpiling, and delivery innovation for **sustainable systems**
- Continued support for Africa's vaccine sovereignty through **AVMA**, recognised as **a catalyst for regional manufacturing**, investment, long-term health security

Global commitments and funding mobilisation

At least

US\$ **9 billion**

secured so far

... and momentum continues to build

Expanding & deepening the supporter base

- **5 new sovereign donors** who made pledges to Gavi's core programmes for the first time, including Croatia, Malta, Greece, Indonesia and Singapore
- **€2 bn** commitment from **Team Europe**
- **Stepping-up partners:** significant increases in commitments from Spain, Ireland, and Portugal

Financial innovation & partnerships

- Unprecedented **US\$ 4.5bn** in complementary financing from **development finance institutions** in support of country systems and accelerated access to vaccines

Sustainable growth & political leadership

- Implementing countries commitment to invest an expected **US\$ 4bn** in domestic co-financing and self-funded vaccine programmes
- Gavi **partner countries** (Central African Republic, Rwanda, and Uganda) pledged **US\$ 3m**

Productive investment & market shaping

- Cost savings of up to **US\$ 200m** from manufacturers
- **US\$ 149m** in **private sector partnerships** focused on immunisation delivery

Securing the new pledges and maximising 6.0 total resources

Potential additional
resource

Total Resource
\$9billion

Crucial efforts to operationalise the pledges already committed for Gavi 6.0 will include:

- Converting **US\$6 billion** in pledges into long-term, binding agreements
- This includes the securitisation of nearly **US\$800 million** in new IFFIm pledges, with contributions from both existing and newly joined IFFIm donors
- Managing the currency risk from local currency pledges
- Facilitating the commitment of **US\$3 billion** in assured resources -including PVP reallocations, Gavi 5.1 carryover, and pre-existing IFFIm funds - for the upcoming period

With some donors delayed by budget or political cycles, we aim to **mobilise additional resources, potentially raising the total to US\$10 billion**

Thank you
