

# FUNDING POLICY REVIEW

BOARD MEETING

**Marta Tufet Bayona**

**Emmanuel Bor**

24-25 July 2025, Geneva, Switzerland

# Gavi's funding policies revised to ensure fit-for-purpose in 6.0 – final stage of Funding Policy Review

## Health Systems and Immunisation Strengthening Policy

Sustainable and equitable immunisation, system-wide support

## Eligibility and Transition Policy

Sustainable progress: readiness, criteria and progress

The Middle-Income Countries (MICs) Approach integrated into Gavi's core model as the new **Catalytic phase**

## Gavi's Funding Policies

## Co-financing Policy

Vaccine procurement, safeguards and exceptions

# Revised Health System and Immunisation Strengthening (HSIS) Policy

Approved policy shifts in December 2024

1. **Consolidation of funding levers** into one HSIS grant

2. **Guardrails** to safeguard key investments

3. **Revised allocation approach:**

- Revised allocation formula
- Holistic planning, including NVIs, switches, etc.

4. Approach to promote **government health systems co-investment**

**CSO guardrail:** 10% minimum allocation

Minimum floor based on alliance forecast of **Cold Chain Equipment** needs

Guardrail for **Measles/Measles-Rubella follow-up campaigns**

*Further developed since December 2024*

**CCE Country Joint Investment (CJI):**

Maintaining and improving the CJI model

**Reduction of support for routine operational costs** based on country needs and transition status

Development of **learning agenda for HSS domestic co-investment options** in 6.0

# Further developed policy shifts since December 2024

## A guardrail for M/MR follow-up campaigns

To prevent measles immunity gaps and outbreaks, over/under spending and provide visibility for countries.

### Countries are required to:

- 1 Spend within the communicated guardrail range (US\$ X to US\$ Y), which will be based on Gavi 6.0 forecasts
- 2 Conduct M/MR follow-up campaigns as per WHO guidance
- 3 Align timing of MR catch-up campaigns with follow-up campaigns

## Promoting government co-investments in health systems

### Policy parameters on routine operational costs

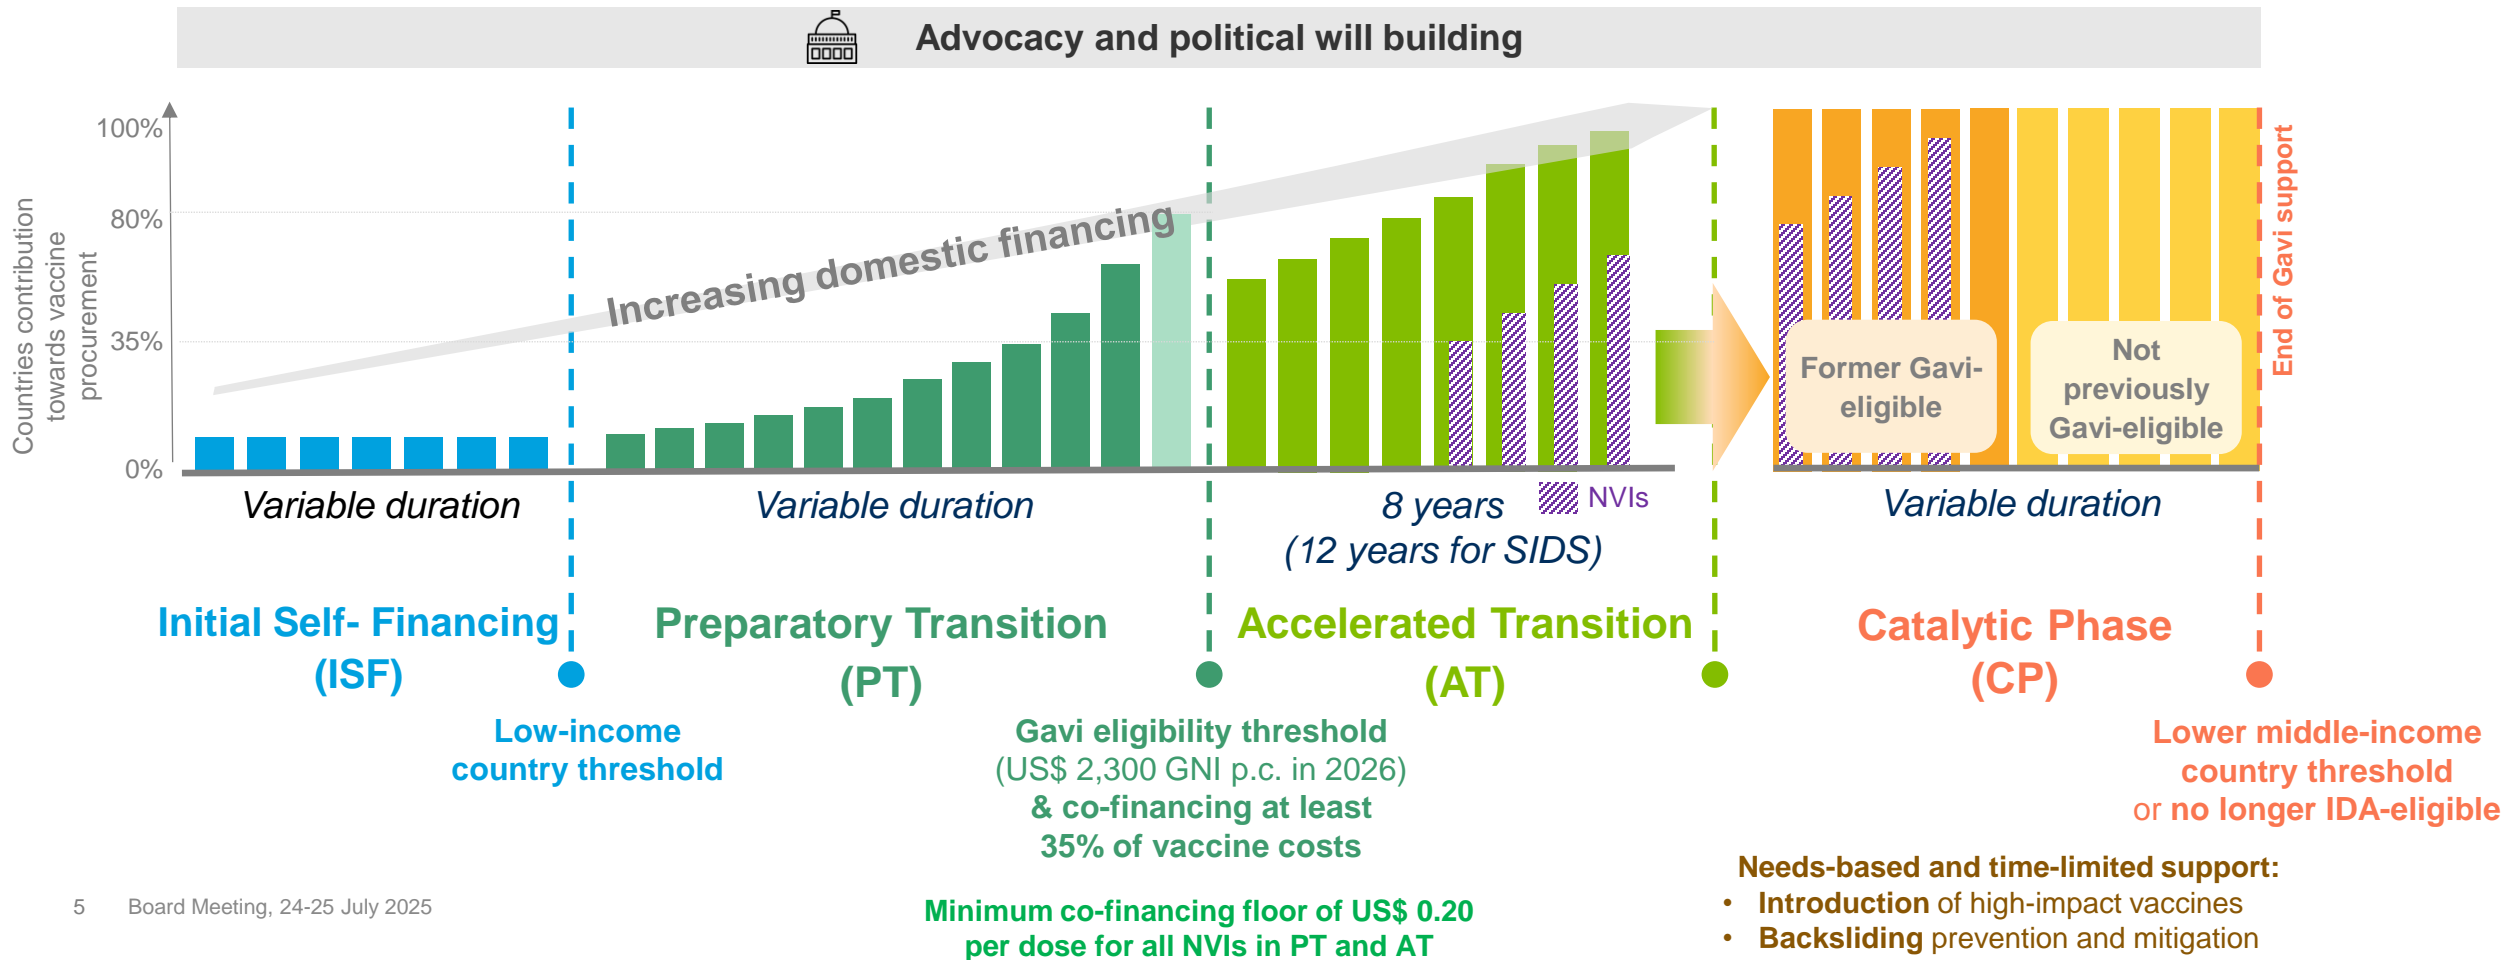

Guardrails for countries in preparatory and accelerated transition phased in over time

### Building budgetary capacity through improved Cold Chain Equipment joint investment model

Flexible payment modalities and schedules, differentiated and lower requirements, systematic approach to waivers, and introduction of consequences for non-compliance

# Gavi's enhanced Eligibility and Transition model

Projected Increase in Co-financing : From 16% of Vaccine Costs in 5.0 to 24% in 6.0

# Recommendations

The Gavi Alliance Programme and Policy Committee **recommends** to the Gavi Alliance Board that it:

- a) **Approve** the revised Eligibility and Transition Policy attached as Annex A to Doc 06;
- b) **Approve** the revised Co-financing Policy attached as Annex B to Doc 06, as amended by discussions at the PPC;
- c) **Approve** the revised Health Systems and Immunisation Strengthening (HSIS) Policy attached as Annex C to Doc 06; and
- d) **Approve** a minimum co-financing threshold of US\$ 0.20 for the introduction of Hepatitis B birth dose and DTP booster in countries in preparatory and accelerated transition.

# Thank you
