1. Purpose

- 1.1. To establish a standing delegation to the Secretariat to spend above Board-approved budgets when doing so would avoid inefficiencies and where the overspend is modest.

2. Definitions

- 2.1. Terms found in this policy shall have the same meaning as they do within the Gavi Alliance Statutes and Board and Board Committee Operating Procedures. Further, the following definitions shall apply:
 - **“Partners’ Engagement Framework”** – The work performed by Gavi Secretariat and its partner agencies to support Gavi-related activities, and the associated budgets.-

3. Responsibilities

- 3.1. The Chief Financial Officer is responsible for maintaining a system for identifying, evaluating, monitoring and controlling risks associated with programme liabilities. The Country Programmes Delivery Team is responsible for executing the approved programmes through communications with countries and programme partners.

4. Background

- 4.1. As an international public-private partnership, largely supported by the funds from donor governments, the Gavi Alliance takes seriously financial stewardship. On a bi-annual basis, the Secretariat establishes the Gavi Alliance Partners’ Engagement Framework, which identifies the activities, responsibilities, timeliness and annual budgets required to reach the annual milestones of the Gavi Strategic Plan. The Partners’ Engagement Framework allocates funds to principal Alliance partners and the Secretariat. On an ongoing basis, the Board approves country-specific and non-country specific programmes (collectively, the **“Budget”**). The ongoing management of the Budget and the financial affairs of Gavi require a process to report on a regular basis to the Senior Leadership Team and the Board the actual results of operations in comparison to Budget estimates and to establish the process whereby authority is granted to vary from expenditure limits as established in the approved Budgets.

5. Policy

- 5.1. It is the policy of the Gavi Alliance that programmatic and Partners’ Engagement Framework expenses shall be governed by allocations approved during the budget process and adopted by the Board as an approved budget. However, the Board recognises that in some circumstances, actual expenditures could be higher than budgeted and that the Secretariat should be delegated authority to make expenditures that exceed budgeted amounts if the incremental spend is modest and the purpose reasonable.

6. Budget variance for the business plan expenses

- 6.1. The CEO (or designee) is authorised to approve Partners' Engagement Framework expenses up to 5% above the annual budget of the Secretariat and Partners' Engagement Framework partners.

7. Monitoring and reporting

- 7.1. The Chief Financial Officer (or his/her designee) is responsible for monitoring the Budgets.
- 7.2. The Chief Financial Officer (or his/her designee) will provide the following variance reports to the Audit and Finance Committee:
- On a yearly basis, actual-to-budget Secretariat and partner budgets, including funds approved and/or spent under the Variance Policy.
 - On a semi-annual basis, actual-to-budget/forecast Programme budgets.
