<tbody>
<tr>
<td>Mission 2025</td>
<td>To save lives and protect people’s health by increasing equitable and sustainable use of vaccines</td>
</tr>
</tbody>
</table>

### Mission indicators
- Child mortality reduction: tbd
- Lives saved: tbd
- Future DALYs averted: tbd
- Equity indicator: tbd

### Principles
- **Missed communities, first priority:** Prioritise children missing out on vaccination including among migrants, displaced and other vulnerable populations
- **Gender focused:** Identify and address gender-related barriers to promote immunisation equity
- **Country-led, sustainable:** Bolster country leadership to sustainably deliver and finance immunisation
- **Community owned:** Ensure community trust and confidence in vaccines by engaging communities in planning, implementation and oversight of immunisation
- **Differentiated:** Target and tailor support to national and subnational needs including fragile contexts

### Goals

<th>2</th>
<th>3</th>
<th>4</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>INTRODUCE AND SCALE UP VACCINES</strong></td>
<td><strong>STRENGTHEN HEALTH SYSTEMS TO INCREASE EQUITY IN IMMUNISATION</strong></td>
<td><strong>IMPROVE SUSTAINABILITY OF IMMUNISATION PROGRAMMES</strong></td>
<td><strong>ENSURE HEALTHY MARKETS FOR VACCINES AND RELATED PRODUCTS</strong></td>
</tr>
</tbody>
</table>

### Objectives

<thead>
<tr>
<th>A</th>
<th>B</th>
<th>C</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Strengthen countries’ prioritisation of vaccines</strong> appropriate to their context</td>
<td><strong>Help countries extend immunisation services to regularly reach under-immunised and zero-dose children</strong> to build a stronger primary health care platform</td>
<td><strong>Strengthen national and subnational political and social commitment to immunisation</strong></td>
</tr>
<tr>
<td><strong>Support countries to introduce and scale up coverage of vaccines</strong> for prevention of endemic and epidemic diseases</td>
<td><strong>Support countries to ensure immunisation services are well-managed, sustainable, harness innovation and meet the needs of all care givers</strong></td>
<td><strong>Promote domestic public resources for immunisation and primary health care to improve allocative efficiency</strong></td>
</tr>
<tr>
<td><strong>Enhance outbreak response</strong> through availability and strategic allocation of vaccine stockpiles</td>
<td><strong>Work with countries and communities to build resilient demand, and to identify and address gender-related barriers to immunisation</strong></td>
<td><strong>Prepare and engage self-financing countries to maintain or increase performance</strong></td>
</tr>
</tbody>
</table>

### Enablers

- **Secure long-term predictable funding for Gavi programmes**
- **Ensure global political commitment for immunisation, prevention and primary health care**

### Sustainable Development Goals

- People (male & female) vaccinated with Gavi support across the life course: tbd
- People (male & female) vaccinated with Gavi support against outbreak-prone diseases: tbd
- Economic benefits unlocked: tbd

### Integrated, Adaptive, Resilient, Innovative, Collaborative, Accountable

- **Integrated:** Strengthen immunisation as a foundation for integrated primary health care to reach unserved communities in support of universal health coverage
- **Adaptive, resilient:** Help countries leverage immunisation to address the challenges of climate change, Global Health Security, antimicrobial resistance and other major global issues
- **Innovative:** Identify and leverage innovative products, practices and services to reach everyone with immunisation
- **Collaborative, accountable:** Collaborate across stakeholders to achieve the SDGs in a transparent, coordinated and accountable manner

### Enablers

- **Use evidence, evaluations and improved data** for policies, programmes and accountability
- **Leverage the private sector**, including through innovative finance mechanisms and partnerships
