<td>Supply Chain &amp; Procurement</td>
<td>Temperature Mapping of CMS and Regional Stores: 1. Support and coordinate the temperature mapping of new EPI store and ensure that all mapping exercise are done both at central and regional store levels. Support/strngthen Supply Chain and Vaccine Management Practices: 1. Support the implementation of the EVM improvement plan 2. Yearly forecasting of bundled vaccines 3. Monitoring immunization supply shipments 4. Coordinate warehouse management, cold chain inventory and preventive maintenance. 5. Coordination of sub-national supplies distribution. 6. Preparation and submission of Stock Management Reports 7. Support preparation for the conduct of external EVM in early 2021. CCEOP Year 2 Implementation: 1. Support the PMT to ensure effective implementation of CCEOP Year 2 DQIP. 2. Support the Planning, coordination and implementation of in-process and post installation monitoring and evaluation. 3. Support effective after sale service arrangement, pictorial SOP for CCE preventive maintenance.</td>
<td>UNICEF</td>
<td>1. EVM Self-assessment report available 2. Temperature mapping exercise completed at all cold rooms (central and regional) and reports available.</td>
<td>UNICEF. 1. Preparatory work for external EVM 2.0 is completed and resources available. 2. CCEOP Year 2 Project completion report available 3. At least 25% of CCEOP installation sites visited 4. EVM Self Assessment improvement plan is 80% implemented 5. External EVM conducted</td>
</tr>
<tr>
<td>Liberia</td>
<td>Supply Chain &amp; Procurement</td>
<td>Provide technical support for systems design w/ a focus on direct distribution of bundled vaccines in Montserrado County</td>
<td>UNICEF</td>
<td>Concept and implementation strategy finalized with detailed assumptions. Report of direct distribution including results and lessons learnt available. Direct Distribution Strategy scaled up to at least one additional county based on lessons learnt.</td>
<td></td>
</tr>
<tr>
<td>Liberia</td>
<td>Supply Chain &amp; Procurement</td>
<td>Provide technical support for the custom clearance of vaccines and cold chain equipment including their distribution, installation and capacity building of at least 3 National EPI Logistic Officers on custom clearance procedures through the recruitment of 1 National TA with UNICEF. The TA consultant will spend 60% of his/her time with EPI and 40% with UNICEF.</td>
<td>UNICEF</td>
<td>1. All Vaccines and Cold Chain Equipment are cleared in a timely manner from the point of entry. 2. 100% of accuracy and completeness of VARS completed and shared with UNICEF Supply Division. 3. Three National EPI Logistic Officers have the capacity to coordinate and supervise the custom clearance of vaccines and EPI Related Supplies. 4. Monitoring reports of CCEOP installation available.</td>
<td></td>
</tr>
<tr>
<td>Liberia</td>
<td>Programme Implementation/Coverage &amp; Equity</td>
<td>1. Support for the implementation of evidence based approaches to improve coverage and equity. 2. Building capacity of County Health Teams to conduct equity analysis and develop improvement plans. 3. Contribute to the implementation of at least one equity improvement plan in addition to the 3 from the previous year.</td>
<td>UNICEF</td>
<td>Reports/Results of the 2019 Implementation of Equity Improvement Plans in 2 countries available to inform scale up. MOH capacity built to scale up Equity Improvement Approach to at least 2 additional counties.</td>
<td></td>
</tr>
<tr>
<td>Liberia</td>
<td>Health Information Systems (Data)</td>
<td>Based on the MOH Data Quality Improvement Plan (DQIP) in Q1 2020, to support MOH research unit in the conduct and institutionalize WHO Immunization Data Quality Self-assessment (DQS) at the country and health facility levels (in a phased approach)</td>
<td>WHO</td>
<td>Supported the conduct institutionaization of DQS in at least 50% of counties. Supported the conduct institutionalization of DQS in at least 75% of counties. Supported the conduct institutionalization of DQS in at least 100% of counties.</td>
<td>Improved immunization data quality at health facility and county levels (measured by reduction in data discrepancies through institutionalization of data quality self-assessment)</td>
