TANZANIA  
Support for Health Systems Strengthening

This Decision Letter sets out the Programme Terms of a Programme.

1. **Country**: Tanzania

2. **Programme payment grant number**: 1217-TZA-10a-Y  
   **Performance payment grant number**: 15-TZA-10e-Y / 16-TZA-10e-Y

3. **Date of Decision Letter**: 08 May 2017

4. **Date of the Partnership Framework Agreement**: 1 July 2013

5. **Programme title**: Health Systems Strengthening (HSS)

6. **HSS terms**:

   The ultimate aim of HSS support is to ensure increased and sustained immunisation coverage through addressing health systems barriers in Country, as specified in:
   - The relevant Gavi HSS guidelines – please contact your SCM at jjeurlink@gavi.org for the guidelines.
   - The relevant Gavi HSS application form - please contact your SCM at jjeurlink@gavi.org for the form.
   - Country's approved grant proposal and any responses to the HSS independent review committee (IRC)'s request for clarifications.

   Any disbursements under Gavi's HSS cash support will only be made if the following requirements are satisfied:
   - Gavi funding being available;
   - Reporting on programmatic and financial performance by the Country, in accordance with applicable Gavi processes;
   - Approval of the recommendation by a high level Alliance review panel (HLRP) for continued support by Gavi after the second year;
   - Compliance with any fiduciary requirements pursuant to the transparency and accountability policy and under any aide memoire or financial management assessment concluded between Gavi and the Country;
   - Compliance with Gavi’s standard terms and conditions (attached in Appendix [D] or as set out in the Partnership Framework Agreement (PFA)); and
   - Compliance with the then-current Gavi requirements relating to financial statements and external audits, including the requirements set out for annual external audit applicable to all Gavi cash grants as set out in Gavi’s grant terms and conditions.

7. **Gavi performance based funding**

   The HSS cash support shall be subject to Gavi’s performance-based funding (PBF). Under this, the HSS support will be split into two payments: the programmed payment (based on implementation of the approved HSS grant) and the performance payment (based on improvements in immunisation outcomes). This means that in the first year, Country will receive 100% of the year one annual amount, as an upfront investment. After year one, countries will receive 80% of the annual amount, based on implementation of the grant. Note that countries whose total grant budget would fall below US$3 million are exempt from this 80% rule.

   Country will have the opportunity to receive payments beyond the programme budget amount, for exceptional performance. Such performance payments will be based on performance on immunisation outcome indicators. For any given year, the programmed payment and performance payment may total up to 150% of the country’s year one annual amount (upfront investment).
Performance payments for a given year will be made the following year, based on performance of the indicators listed and data verification.

**Gavi calculation of performance payments for 2015 achievements – TOTALS:**

Given that Country’s DTP3 coverage was at or above 90% at baseline, which is defined as the year prior to the first year of HSS grant implementation, and based on WHO/UNICEF estimates, Country will be rewarded for sustaining high coverage with:

- 20% of annual country ceiling for maintaining DTP3 coverage at or above 90% and
- 20% of annual country ceiling ensuring that 90% of districts have at or above 80% DTP3 coverage.

(1) This is the total amount endorsed by Gavi for the entire duration of the Programme.
(2) This is the total amount endorsed by Gavi for the entire duration of the Programme.
(3) This is the amount approved by Gavi.
13. Other conditions: The following terms and conditions shall apply to HSS support.

Cash disbursed under HSS support may not be used to meet Gavi’s requirements to co-finance vaccine purchases.

In case the Country wishes to alter the disbursement schedule over the course of the HSS programme, this must be communicated and will be subject to Gavi approval. It is essential that Country’s Health Sector Coordination Committee (or its equivalent) be involved with this process both in its technical process function and its support during implementation and monitoring of the HSS programme proposal. Utilisation of Gavi support stated in this letter will be subject to performance monitoring.

If the bank account information most recently provided to Gavi has changed or changes prior to disbursement, the country will need to complete a bank account information form. Please contact gavihss@gavi.org for the form.

The performance payments under the performance-based funding shall be used solely for activities to be implemented in the country’s health sector.

Neither programmed nor performance payments may be used to purchase vaccines or meet Gavi’s requirements to co-finance vaccine purchases, and shall not be used to pay any taxes, customs, duties, toll or other charges imposed on the importation of vaccines and related supplies.
