PARTNERSHIP FRAMEWORK AGREEMENT
FOR
VACCINE AND/OR CASH SUPPORT
BETWEEN GAVI AND VIETNAM
THIS PARTNERSHIP FRAMEWORK AGREEMENT (this “Agreement”) is dated as of (the “Effective Date”) between:

(1) THE GAVI ALLIANCE, an independent non-profit foundation within the meaning of Articles 80 to 89 of the Swiss Civil Code with a registered address at 2 Chemin des Mines, Geneva, 1202 (“GAVI”); and

(2) VIETNAM (the “Country”), as represented by the Ministry of Health, and/or the Ministry of Finance (the “Ministries”),

(each, a “Party” and, together, the “Parties”).

INTRODUCTION:

(i) GAVI supports countries to introduce new vaccines and expand the reach of immunisation services. The Country is committed to and considers immunisation to be a core component in its national health plan. GAVI seeks to align its support behind such national immunisation and health plans.

(ii) From time to time, the Country may be invited to submit an application to GAVI requesting it to provide vaccine and/or cash support for its immunisation activities and strengthening of its health systems. If the Country submits an application, GAVI will review and may indicate its intention to support the programme set out in such application by endorsing a multi-year budget for the entire programme and, subject to funding availability and satisfactory performance by the Country, approve one or more amounts of support for such programme for its duration.

(iii) The Parties are entering into this Agreement to set out the terms and conditions that will govern all current and future Programmes as described in this Agreement.

(iv) Each time GAVI approves an initial amount of support under a multi-year budget of a programme, GAVI will set out the programme terms in a decision letter prior to the start of the programme. Such programme terms set out in the decision letter will be updated upon each subsequent approval (and any subsequent amendments) of an amount of support under the programme.

IT IS AGREED as follows:

1. Definitions and interpretation

All defined terms used in this Agreement (including the Annexes and Decision Letters) are set out in Annex 1, unless otherwise defined or stated in this Agreement.

2. Purpose of this Agreement

This Agreement sets out the terms and conditions that apply to all current and future Programmes undertaken by the Country and funded by GAVI during the term of this Agreement.
3. Programme Budget

GAVI may from time to time endorse a Programme Budget for a Programme for its Programme Duration. Such endorsement of a Programme Budget is only an indication of GAVI’s intention to make available such amount to support the Programme during the Programme Duration and is also subject to funding availability. Such endorsement of Programme Budget does not constitute an obligation, liability or commitment of GAVI to make available any amount to the Country.

4. Annual Amounts

4.1. Annual Amounts

Subject to funding availability and satisfactory performance by the Country, GAVI may approve one or more Annual Amounts under the Programme Budget annually or on a periodic basis during the Programme Duration to fund a Programme. Following approval of an initial Annual Amount under a Programme, GAVI shall prepare and send a Decision Letter to the Country representative(s) setting out the Programme Terms of such Programme. Following each approval of a subsequent Annual Amount under such Programme, GAVI shall issue a further Decision Letter reflecting the Programme Terms and send that Decision Letter to the Country.

4.2. Adjustments to Annual Amounts

GAVI shall use its reasonable endeavours to make available support to the Country according to the amounts and timing notified to the Country in a Decision Letter. However, GAVI reserves the right to adjust the amount and timing of any Disbursement of support and/or to Disburse an amount that is different from the amount stated in the Decision Letter following the delivery to the Country of the Decision Letter. This may occur as a result of various reasons, including, without limitation, changes in the needs of the Country, prequalification status of the vaccines and vaccine prices in the global market, vaccine supply availability, underlying assumptions made by GAVI when determining the Annual Amount, funding availability and oversupply or undersupply of vaccines to the Country. Following such adjustment, GAVI shall notify the Country of such changes as soon as possible.

4.3. Notification of Decision Letter

GAVI shall send each Decision Letter of a Programme to the Country after approval by GAVI of the Annual Amount(s). Unless the Country notifies GAVI of any disagreements with the Decision Letter within thirty (30) calendar days of its receipt by the Country, the Country shall be deemed to have accepted the Programme Terms as of the date of the notification as set out in the Decision Letter.

5. Disbursement Conditions
The approval and Disbursement of any vaccines and related supplies and/or funds by GAVI pursuant to this Agreement shall be subject to the Disbursement Conditions set out in Annex 2 being satisfied in relation to such approval and Disbursement.

6. Co-financing obligations
Where relevant, the Country shall fulfil all co-financing obligations applicable to the provision of funding by GAVI pursuant to this Agreement either by making the Co-Financing Payments (if self-procurement does not apply) or purchasing the required number of doses of vaccines set out in the relevant Decision Letter(s).

(a) all activities to be undertaken by the Country after the Effective Date of this Agreement; and
(b) all amounts of funding and supplies that have been Disbursed but have not been used or committed to be used as at the Effective Date of this Agreement.

6. Country information and data
In order to allow GAVI to make informed decisions related to the Country’s health
systems, supply chain (including cold chain) and GAVI’s activities, GAVI needs
to have access to Country related information and data that could be relevant to
GAVI’s assessment of applications and monitoring of Programmes and progress.
To facilitate this, the Country hereby agrees and consents to the sharing by
GAVI’s partners (including WHO, UNICEF, PAHO), bilateral donors, the

(g) GAVI shall not be held responsible for any consequences arising from the delay in procurement or delivery of vaccines and related supplies to the Country.

10. Self-procurement
10.1. Cash in lieu of supplies
GAVI may approve the provision of cash in lieu of vaccines and related supplies to allow the Country to procure such supplies through their own procurement
agency ("Cash In Lieu of Supplies"). The Annual Amount for such Cash In Lieu of Supplies shall be based on the equivalent value to the UNICEF weighted average or estimated prices for such vaccines. Such Annual Amounts shall be notified to the Country in the relevant Decision Letter.

10.2. Self-procurement mechanism
Prior to Disbursement of Annual Amounts for Cash In Lieu of Supplies, GAVI shall conduct a review of the procurement mechanism proposed by the Country in its application to assess whether it satisfies generally acceptable procurement standards and to provide recommendations on minimum reporting requirements and improvements (if needed). The Country shall ensure that the vaccines and related supplies are purchased as soon as possible as stated in this Agreement and Decision Letter(s).

10.3. Difference between negotiated and estimated prices
If the Country’s negotiated price with the suppliers is higher than the UNICEF weighted average or estimated price, the Country shall pay the difference in order to purchase sufficient vaccines to reach the target population associated with the Programme. If the negotiated price is lower than the UNICEF weighted average or estimated price, the Country may use the excess funds in immunisation programmes and shall report the use of such funds to GAVI in the relevant Annual Progress Report.

10.4. Co-financing
Where the Co-Financing Policy applies to the Country and the Country procures its own vaccines, it shall also comply with its co-financing obligations. The Country must submit to GAVI satisfactory evidence that it has purchased its co-financed portion of the vaccines and related supplies, including by submitting invoices or receipts to GAVI.

10.5. Quality criteria for self-procured vaccines using GAVI support
The Country shall only procure vaccines using GAVI support that: (i) are from the WHO pre-qualified list of vaccines; (ii) in the case of locally-produced vaccines purchased directly from the manufacturer, are licensed by the relevant National Regulatory Authority (NRA) which has been assessed as fully functional by WHO; or (iii) are licensed according to WHO’s definition of quality vaccines (e.g. as described in WHO’s Technical Report Series) by fully functional NRAs as assessed by WHO in the countries where the vaccines are manufactured and purchased.

10.6. Quality criteria for self-procured auto-disable syringes and disposal boxes using GAVI support
(a) The Country shall only procure auto-disable syringes that are pre-qualified under WHO’s Performance, Quality and Safety system.
(b) For syringe and needle disposal boxes the Country shall either: i) procure boxes that appear on the relevant WHO list of prequalified products; or ii) submit to GAVI a certificate of quality issued by a relevant national authority.

10.7. **Quality criteria for self-procured vaccines, auto-disable syringes, and disposal boxes using co-financing funds**

GAVI strongly encourages countries self-procuring co-financed products to ensure they are of WHO-defined assured quality, such as those on the WHO list of pre-qualified products or as otherwise described in paragraphs 10.5 and 10.6 above.

11. **Operational costs for campaigns**

For certain types of vaccines, GAVI may provide additional funding to support the operational costs for campaigns in the Country related to such vaccines in accordance with the Vaccine Introduction Grant Policy, which support shall be Disbursed in cash to the Country, WHO and/or UNICEF. Such funding shall be used and applied to fund the Programme Activities and the information on the amount of support will be communicated to the Country in a Decision Letter. GAVI’s funding is not intended to cover all operational costs for campaigns. GAVI shall provide such funding on the understanding that any operational costs for campaigns not met by GAVI shall be met by the Country. The Country shall report on the use of the funding for operational costs in the relevant Annual Progress Report(s).

12. **Safety of injections**

The principles of the WHO-UNICEF-UNFPA joint statement on safety of injections (WHO/V&B/99.25) shall apply to all immunisation services under the Programme(s).

13. **Other charges and fees**

The Co-Financing Payments set out in a Decision Letter indicate the Country’s contribution towards the costs for the vaccines and related injection safety devices and any freight charges. The Country should be aware that the Co-Financing Payments do not include the costs and fees of the relevant Procurement Agency, such as contingency buffer and handling fees. Information on these extra costs and fees will be provided by the relevant Procurement Agency as part of the cost estimate to be requested by the Country.

14. **Cash support**

GAVI may approve funding for Programmes that contribute to the strengthening of the capacity of integrated health systems to deliver immunisation in the Country, including by contributing to the resolving of the major constraints to deliver immunisation, increasing equity in access to services and strengthening civil society engagement in the health sector and/or such other programmes as
GAVI may support from time to time. If the Country receives any performance based funding from GAVI, the Parties will agree on the performance indicators, means of measurement and monitoring process for such Programme which will be attached as an annex to the relevant Decision Letter.

Section C: Management and use of GAVI funds and supplies

15. Financial Management Requirements
The Country shall comply with the terms and implement the measures set out in the Financial Management Requirements by the timelines set out therein (if applicable).

The Country and GAVI have agreed an aide memoire with an effective date of 1 June 2012 (attached as an annex to this Agreement) in relation to GAVI’s funds pursuant to the TAP Policy which shall form part of the Financial Management Requirements under this Agreement.

16. Monitoring and reporting
The Country’s use of GAVI’s vaccine and cash support is subject to strict performance monitoring. GAVI seeks to use the Country reports and existing country-level mechanisms to monitor performance. The Country shall monitor and report on the use of vaccines and related supplies and the funds provided by GAVI stating the progress made towards achieving the objectives of the Programme(s) during the preceding year by submitting the Annual Progress Report(s). The Country shall also share their internal management reports on the use of funds on a quarterly or periodic basis with GAVI. The Country shall also submit all documents and reports that are required to be submitted as part of the Annual Progress Reports and country applications. For certain cash support, GAVI shall monitor and review annually the progress made in the Country towards the funded objectives of the Programme(s) by participating in the annual health sector review through existing country-level mechanisms. The Country shall submit all documents relevant to annual health sector reviews as requested by GAVI.

17. Monitoring and evaluation
GAVI has the right to conduct independent monitoring, evaluation, impact assessment, studies and research of relevant Programme(s) with or without engaging any third party. The Country shall facilitate such process (a) by ensuring that GAVI and any authorised representatives or agents shall have access at all times to relevant personnel, documents and facilities; and (b) by providing necessary approvals and assistance with logistics. The Country shall also cooperate with GAVI to provide information reasonably requested by GAVI to conduct monitoring, evaluation, impact assessment, studies and research related to the Programmes after the Country no longer receives GAVI support.
18. GAVI’s use of information
Where GAVI has obtained or created information pursuant to this Agreement including without limitation information obtained or created pursuant to paragraphs 6, 16 and/or 17 of this Annex 2, GAVI may disclose or publish such information to such third parties as may be deemed by GAVI as having a need to know such information where such information relates to the performance of a Programme and/or, in the opinion of GAVI, the operation of GAVI’s objectives from time to time.

19. Management and use of funds
In respect of all GAVI provided funds, the Country shall comply with GAVI requirements on the use and management of cash, including the following:
(a) the Country shall use the cash solely to fund Programme Activities;
(b) the Country shall ensure that the funds are prudently managed in accordance with the TAP Policy and Financial Management Requirements;
(c) in the case of cash in lieu of supplies, funds shall be used to purchase the vaccines in accordance with the self-procurement mechanism set out in the Country’s application as reviewed and approved by GAVI and managed in accordance with all guidelines, procedures, standards, reporting requirements and recommendations (if any) on self-procurement mechanisms and in accordance with this Agreement and the relevant Decision Letter(s); and
(d) the Country shall not apply any cash received from GAVI to satisfy its co-financing obligations.

20. Misuse of funds and supplies
20.1. Misuse of funds and supplies
In respect of all funds and vaccines and related supplies provided to the Country under the Programme(s), the Country shall comply with obligations and requirements on the use of such funds and supplies, including the following:
(a) the Country shall use the funds and vaccines and related supplies received from GAVI under a Programme for the sole purpose of carrying out the Programme Activities of such Programme;
(b) the Country shall ensure that there is no misuse or waste of, or corrupt, illegal or fraudulent activities involving the funds and vaccines and related supplies; and
(c) the Country shall ensure that all expenses relating to the use or application of funds are properly evidenced with supporting documentation sufficient to permit GAVI to verify such expenses.

If the Country fails to comply with any of the above, such event shall be a “Misuse” (and "Misused" shall be construed accordingly).

20.2. GAVI determines Misuse
GAVI shall have the right in its absolute discretion but acting reasonably to determine whether GAVI’s funds have been used solely to fund the Programme Activities or whether they have been Misused (in full or in part).

20.3. Notification by the Country
The Country shall immediately inform GAVI when it becomes aware of any potential or actual Misuse in connection with any Programmes.

21. Programme assets
After a Programme expires, any assets bought by the Country using GAVI funds during a Programme shall continue to be used by the Country in accordance with the original Programme Activities and/or immunisation activities in the Country.

22. Investigations
22.1. GAVI’s right to conduct investigations and audits
GAVI may conduct an investigation and/or audit at any time in a Country through its own authorised representatives or agents to investigate the use of GAVI provided funds, to verify financial management systems of the Country as required under the TAP Policy, and to conduct an external audit pursuant to paragraph 24 below.

22.2. Process for investigation and audit
The Country and all its relevant personnel shall cooperate fully with GAVI and its authorised representatives or agents in relation to any GAVI investigation and/or audit and ensure that GAVI and its authorised representatives or agents, have access at all times to:
(a) books, records, statements, electronic files or other documentation related to the Programme(s) held by the Country or by any other entities (the “ProgrammeDocuments”);
(b) all relevant personnel of the Country; and
(c) the premises or facilities of the Country where the Programme Documents are held or activities under the Programme(s) are carried out.

The Country shall also provide a safe working environment for, and ensure the personal safety of, those carrying out the investigations and audits. The Country shall use its best endeavours to pursue any individuals or entities involved in illegal or unlawful activities in accordance with the laws of the Country and inform GAVI on the outcome of any cases.

22.3. Costs of investigation
If there is any material Misuse, GAVI reserves the right to be reimbursed by the Country for up to 100% of the reasonable costs incurred in the investigation by GAVI to be determined on a case-by-case basis depending on the facts and circumstances relating to such Misuse.
23. Records and expenditures
The Country shall maintain accurate and separate accounts and records of each of the Programmes prepared in accordance with internationally recognised standards that are sufficient to establish and verify accurately the costs and expenditures under the Programmes. The Country shall maintain such accounts and records and any other supporting documents evidencing expenses made with GAVI’s funds according to the Country’s fiscal requirements for a minimum of five (5) years after the completion of a Programme. In the event where GAVI provided funds are pooled with other sources of funding, accounts and records will equally be maintained for the pooled funds.

24. External audits
Unless otherwise specified, the Country shall submit to GAVI audit reports of the accounts holding the GAVI provided funds within one year of the close of each financial year. In order to produce such audit reports, GAVI may, at its option, jointly with the Country be involved in: (i) selecting one or more external auditors; and (ii) determining their terms of reference. In addition, GAVI reserves the right to commission an external audit of the accounts by an independent audit firm at any time, including after a Programme has expired, at its own cost. The external audit report should be compliant with the latest version of international auditing standards of the International Auditing and Assurance Standards Board (IAS).

25. Disbursements of funds
25.1. Bank accounts
The following provisions shall apply to the funds Disbursed to the Country:
(a) funds in the possession of the Country shall remain, to the extent practicable, in an interest-bearing bank account at a reasonable commercial rate available in the Country until they are used for the Programme(s);
(b) funds are deposited in a reputable bank in the Country which is fully compliant with all applicable local and international banking standards and regulations, including capital adequacy requirements;
(c) the Country shall carry out all necessary due diligence on the designated bank account to ensure that it complies with (a) and (b) above;
(d) the Country shall provide the details of a bank account satisfying the above requirements in the name of the Country into which funds are normally held;
(e) GAVI shall reserve its right to request any changes to the bank and bank account to be used by the Country; and
(f) at all times, funds are held in cash and may be withdrawn at any time, in full, upon demand.

25.2. Interest
Any interest on the funds Disbursed by GAVI to the Country shall be accounted for and used solely for Programme purposes.
25.3. **Loss of funds**
The Country shall be responsible for any loss of funds held at the bank for whatever reason, including insolvency of the bank or mismanagement of funds at the bank and shall replenish such lost funds as soon as possible after the event.

26. **Currency**
Any Disbursement of funds to the Country by GAVI shall be in US dollars or any other currency as approved by GAVI.

27. **Excess funds and/or supplies**
If the Country has any excess funds and/or supplies that have not been used by the Country during the Programme Duration for a Programme, it shall return such funds and/or supplies to GAVI in accordance with paragraph 29 of this Annex.

28. **Suspension or termination**

28.1. **Events of suspension**
GAVI may suspend, in whole or in part, its funding to one or more Programmes to the Country if:
(a) (for vaccine support) the Country has not fulfilled its co-financing obligations under the Co-Financing Policy, this Agreement and the relevant Decision Letter(s);
(b) there is any suspected or actual Misuse in connection to a Programme;
(c) the Country has failed to perform any of its obligations under this Agreement and any Decision Letters;
(d) any representation made by the Country proves to have been incorrect or misleading; and
(e) GAVI has determined that a situation has arisen which makes it improbable that the Programme(s) can be carried out successfully.

28.2. **Effect of suspension**
Such suspension shall continue until: (i) GAVI is satisfied that the reason for the suspension no longer exists; or (ii) GAVI decides to terminate this Agreement in accordance with paragraph 28.4 of this Annex. Any portion of this Agreement or a Programme not suspended shall remain in full force and effect. Any funds previously provided by GAVI to the Country shall not be accessed or used by the Country during any period of suspension.

28.3. **Default due to Co-Financing Payments**
During the period in which the Programmes have been suspended under paragraph 28.1(a) above, the Country shall not be eligible to submit applications to GAVI for new vaccines and shall cooperate fully with GAVI to work towards complying with its obligations under the Co-Financing Policy.
28.4. **Events of termination**

GAVI may terminate, in whole or in part, this Agreement or one or more Programmes to the Country if:

(a) there is an actual Misuse in connection with a Programme and the Country has failed to take timely and appropriate action to address such Misuse to the satisfaction of GAVI;

(b) the Country has materially failed to perform any of its obligations under this Agreement and any Decision Letters;

(c) any representation made by the Country proves to have been incorrect or misleading in any material respect; and

(d) GAVI has determined acting reasonably that a situation has arisen which makes it improbable that the Programme(s) can be carried out successfully.

28.5. **Effect of termination**

Any portion of this Agreement or Programme(s) that is not terminated shall remain in full force and effect.

29. **Return of funds**

29.1. **Events for returning funds**

Notwithstanding the availability or exercise of any other remedies under this Agreement, GAVI may require the Country to return to GAVI any funds in the currency in which they were Disbursed by GAVI or, in the case of vaccines that are subject to Misuse, require the Country to take any appropriate remedial action under a Programme in any of the following circumstances:

(a) GAVI has Disbursed an amount to the Country in error;

(b) there has been a Misuse;

(c) this Agreement or a Programme has been terminated or suspended; or

(d) the Country has funds that it has not used within the relevant Programme Duration.

29.2. **Method for returning funds**

The Country shall return such funds, unless otherwise decided by GAVI, in US dollars within sixty (60) days after the Country receives the request for return of funds from GAVI, and shall pay such funds to the account as notified by GAVI.

30. **Equal access to immunisation**

The Country shall endeavour to progressively carry out its Programme(s) under the principles and objectives of GAVI's Gender Policy (as updated from time to time) in order to promote gender equality in immunisation and related health services. The GAVI's Gender Policy shall be available on the official website of GAVI. The Country shall provide all relevant information and data on gender-related matters on immunisation as part of its monitoring and reporting obligations as requested by GAVI. The services supported and promoted by GAVI should be
free from any influence of caste, creed, sexual orientation, faith, geographical factor, political affiliation and political gain.

31. Survival
Paragraphs 16 to 25 and, 27 to 29 of this Annex shall survive the termination or expiry of this Agreement.

32. Notices
32.1. Notices
Any notice or communication to be given, or Decision Letter or other document to be sent under this Agreement shall be in writing and delivered by registered mail, facsimile transmission or electronic mail, or by using electronic medium in accordance with the instructions provided by GAVI.

32.2. Contact details
The Country shall provide its contact details in its Country applications and upon request by GAVI and shall be responsible for informing GAVI of any changes to its contact details.

32.3. Notification date
(a) Notification sent by GAVI
Any notice given or document sent by GAVI to the Country shall be deemed to have been received by the Country if sent by registered mail, electronic mail, facsimile transmission, on the date of delivery to the Country representative(s). If available, any notice given or document sent by GAVI to the Country via the electronic medium shall be deemed to have been received by the Country when received by it.

(b) Notification sent by Country
Any notice given or document sent by the Country to GAVI shall be deemed to have been received by GAVI if sent by registered mail, electronic mail, facsimile transmission, on the date of receipt by GAVI. If available, any notice given or document sent by the Country to GAVI via the electronic medium shall be deemed to have been received by GAVI when received by GAVI.
ANNEX 3

Transparency and Accountability Policy

1. Goal and scope of the policy

1.1. The goal of GAVI’s Transparency and Accountability Policy is to ensure that all GAVI support provided in the form of cash transfers is used according to programme objectives as outlined in individual country proposals, and in accordance with best practice for financial management.

1.2. The policy governs the use of all GAVI cash transfers to countries for GAVI programmes including, but not limited to: 1) Health System Strengthening, 2) Immunisation Services Support, and 3) New Vaccines Support (for cash in lieu of supplies and lump-sum payments).

2. Principles of the Transparency and Accountability Policy

The policy will:

2.1. Rely and build on existing country capacity to the greatest extent possible, ensuring alignment with country systems.

2.2. Be consistent with the commitments of the Paris Declaration on Aid Effectiveness

2.3. Promote mutual accountability by encouraging assessments of progress in implementing GAVI support.

2.4. Apply a country-by-country approach to reduce fiduciary risks in a manner which is equitable and transparent.

2.5. Be based on a set of minimum standards for the management of GAVI cash funding:

- Funding should be used for purposes stated within a proposal;
- Funds must be managed in a transparent manner, and provide accurate and verifiable financial reports on a regular basis as specified by individual funding arrangements;
- Funds must be managed within accounts that meet national legal requirements for auditing, accounting and procurement.

3. Procedures

3.1. GAVI will strengthen its existing processes and mechanisms.

3.1.1. The GAVI Secretariat will incorporate an updated financial management section in country proposal guidelines and the annual progress report. The revised guidelines will establish minimum requirements for country financial
management and reporting. Revised proposal forms will require countries to indicate how they will comply with these provisions, and this will be monitored through the annual progress report.

3.1.2. GAVI Secretariat will ensure that the Independent Review Committee has appropriate expertise in country financial management.

3.1.3. The GAVI Secretariat will ensure that each Independent Review Committee team has the authority and appropriate tools to evaluate the financial management aspects of each proposal or report. GAVI will also extend the mandate of its Independent Review Committee to request clarification on the financial management sections, recommend additional financial management assessments, request independent external audits, and propose steps for bringing a country in full compliance with this policy.

3.2. In all current programmes, and in the future prior to the submission of a proposal, the GAVI Secretariat will evaluate the relative fiduciary risk in each country and, together with the government and in-country development partners, reach a consensus on the specific financing modality for GAVI support.

3.2.1. The GAVI Secretariat, working jointly with countries, will conduct a financial management assessment in all countries receiving GAVI cash transfers. This assessment will include both a review of existing financial assessments and discussions with government officials and partners. The assessment will: 1) provide GAVI with a baseline understanding of the level of fiduciary risk in each country, 2) help each country identify the most appropriate modality for channeling GAVI cash funds (consistent with the principles outlined in section 2 of this policy) that provides adequate fiduciary assurance, and 3) indicate what additional criteria and steps may be needed in each country to mitigate potential risks.

3.2.2. Following the financial management assessment, each eligible country will have identified its preferred funding modality to channel GAVI support that meets GAVI minimum standards for fiduciary accountability. If an eligible country already uses a joint financing mechanism to channel funds for its health sector, it is assumed that the government will select this joint financing mechanism as its preferred modality for GAVI support. If a country prefers not to use an existing joint financing mechanism, it must present a compelling case for doing so, and receive the endorsement of its Health Sector Coordinating Committee.

3.2.3. Once a country has selected its preferred funding modality and GAVI has conducted a financial management assessment, the country will be placed in one of three groups as follows:

- “Group I countries”: GAVI eligible countries that will channel and manage their GAVI cash transfers through existing joint financing mechanisms. Group I countries are assumed to represent the lowest level of fiduciary risk as they will
have established procedures for financial management, procurement and reporting, with consistent oversight and support from in-country development partners.

- **“Group II countries”:** These countries follow varying procedures when managing donor funds. Group II countries will pose varying levels of fiduciary risks. Together with countries and in-country partners, the GAVI Secretariat will determine the most appropriate financing mechanism (consistent with the principles outlined in section 2 of this policy).

- **“Group III countries”:** GAVI eligible countries in which there has been suspected or proven misuse of funds from GAVI cash transfers. The decision to include any single country in this category is subject to the judgment and discretion of GAVI management. Special procedures will be negotiated on a case-by-case basis.

3.2.4. GAVI, together with each implementing country government, will establish and agree upon minimum requirements for the specific financing modality selected to channel GAVI cash transfers. These requirements will be based upon each country’s respective grouping, as well as relative level of fiduciary risk as established by the financial management assessment.

- Group I: GAVI is likely to accept the existing financial reporting and auditing processes already in place for each joint financing mechanism.
- Group II: Requirements may vary widely from strengthened financial reporting to identification of a third party (either a “third party private provider” or a "transparency and accountability focal point") to review and validate country financial reports. Actual requirements will be determined on a case-by-case basis.
- Group III: Requirements will likely include substantial oversight by a third party private provider and external auditing. Actual requirements will be determined on a case-by-case basis.

3.2.5. Country groupings will be reviewed and revised on a regular basis.

3.2.6. Each eligible country applying for or receiving GAVI cash transfers, regardless of grouping, will identify a single department or individual within the Ministry of Health to oversee compliance with this policy.

3.3. The GAVI Secretariat, with support from its partners and the Independent Review Committee, will monitor country compliance with the Transparency and Accountability Policy, including specific requirements for individual countries.

3.3.1. Countries will manage their GAVI cash transfers and provide financial reports in accordance with the terms of this policy as well as their individually agreed arrangements. Failure to comply with these requirements could result in a variety of measures including the suspension of funding.
3.3.2. The GAVI Secretariat will conduct follow-up financial management assessments on a biennial basis, at a minimum.

3.3.3. Countries in Group II may elect to channel GAVI funding through a joint financing mechanism at any time. Provided that GAVI accepts the terms implied by the mechanism, such a change would automatically move the country into Group I.

3.3.4. The GAVI Secretariat maintains the right to commission an external audit for any country at any time.

3.3.5. The GAVI Secretariat retains the authority to move any country into Group III, should it receive information suggesting that GAVI cash transfer funding has been misappropriated or misused, and this has been verified to the Secretariat’s satisfaction. The GAVI Secretariat may, at its own discretion, suspend further cash transfers and begin the process to take corrective action. It will simultaneously inform and consult with the Chair of the GAVI Alliance Board.

4. Timeline for implementation and review

4.1. The policy will take effect as of 1 January 2009.

4.2. The GAVI Secretariat will begin to implement the policy on a phased basis, as determined by the policy implementation plan.

4.3. The GAVI Secretariat will report to the Alliance Board on the implementation of this policy on a yearly basis.

4.4. The Alliance Programme & Policy Committee of the Board shall review the policy after 6 full months of initial implementation. Thereafter, the Policy & Programme Committee will review the policy on a yearly basis.
ANNEX 4
Co-Financing Policy

1. Objectives

1.1. The overall objective of the co-financing policy is to put countries on a trajectory towards financial sustainability in order to prepare them for phasing out of GAVI support for new vaccines, recognising that the time frame for attaining financial sustainability will vary across countries.

1.2. The intermediate objective for countries with an extended time frame for achieving financial sustainability is to enhance country ownership of vaccine financing.

2. Scope

2.1. This policy covers country groupings for co-financing purposes, co-financing levels, the process for annual co-financing updates, and the mechanism for situations in which countries are in default on their co-financing.

3. Principles

3.1. All countries shall contribute to new vaccine support.

3.2. Co-financing should represent new and additional financing; countries should not use funds allocated for financing other vaccines.

3.3. This policy aims to assist countries with their long term planning.

4. Definitions

4.1. “GNI per capita atlas method”: Gross national income (GNI) is the sum of value added by all resident producers plus any product taxes (less subsidies) not included in the valuation of output plus net receipts of primary income (compensation of employees and property income) from abroad. GNI per capita is GNI divided by mid-year population. GNI per capita in US dollars is converted using the World Bank Atlas method which smooths exchange rate fluctuations by using a three year moving average, price-adjusted conversion factor.

4.2. “Co-financing”: GAVI-eligible countries and GAVI contribute to the costs of vaccines.

4.3. “Graduating country”: A country whose GNI per capita crossed the applicable eligibility threshold and that can no longer apply for new vaccine or cash-based programme support, but continues to receive support for Programmes that have been endorsed for GAVI funding when the country was still eligible.
4.4. “Graduated country”: A country whose GNI per capita has crossed the eligibility threshold and that can no longer apply for new vaccine or cash-based programme support from GAVI, and whose GAVI multi-year commitments for vaccines and/or cash-based programmes have ended.

4.5. “Graduation process”: The period of time after a country is no longer eligible to apply for GAVI support (and becomes a graduating country) until all GAVI support ends (and the country becomes a graduated country).

4.6. “Financial sustainability”: The ability of a country to mobilize and efficiently use domestic and supplementary external resources on a reliable basis to achieve current and future target levels of immunisation performance.

5. Country co-financing groups

5.1. Low Income group: Countries with GNI per capita at or below the World Bank low-income threshold. Co-financing obligation in 2012 and thereafter: 20 cents per dose (no annual increase).

5.2. Intermediate group: Countries with GNI per capita above the World Bank low-income threshold but below the GAVI eligibility threshold. Co-financing level in 2012: 20 cents per dose, or the amount per dose paid in 2011, whichever is higher. Thereafter, the co-financing amount per dose increases by 15% each year. For any new vaccine adoptions, the co-financing amount would start at 20 cents per dose, and increase by 15% annually. When countries in the future transition from the low income to the intermediate group, they would start at 20 cents per dose for vaccines, followed by 15% annual increases.

5.3. Graduating group: Countries with GNI per capita above the GAVI eligibility threshold, who are still receiving GAVI support. Starting in 2012, co-financing obligations shall increase over four years from rates paid in 2011 in order to reach 100% of the vaccine price in 2016, the year after GAVI support ends. For countries adopting a new vaccine in 2012 (and therefore with no history of co-financing payments for that vaccine), co-financing per dose would equal 20% of the projected 2016 vaccine price (projected price for GAVI countries, unless a set of price projections for GAVI graduates could be developed by the GAVI Alliance). Support for countries that enter the graduating group after 2012 would be phased out in the same manner and over the same number of years as support for countries that were ineligible in 2011.

6. Timeline for implementation, grace period, and updates

6.1. Countries will be informed of the co-financing country grouping they are a part of for 2012 and the corresponding co-financing obligations for 2012 following the December 2010 GAVI Alliance Board meeting. These initial classifications will be done according to 2009 GNI per capita data, which were released by the World Bank in July 2010. The calendar year 2011 is a “grace year”
whereby countries are informed of their new co-financing group and prepare their budgets for the new obligation requirements for 2012.

6.2. Co-financing group thresholds will be updated annually according to the latest GNI p.c. data, which is released by the World Bank in July of each year. Co-financing country grouping updates will be made by September of each year. Countries will then be informed of any changes to their co-financing grouping and when those changes will take effect. Countries will have the following calendar year as a grace period to prepare their budgets following their change in co-financing grouping. The new co-financing obligations will take effect in the calendar year following the grace year.

7. Default mechanism

7.1. Co-financing payments in accordance with this policy are a condition to receive GAVI vaccine support. Fulfillment of the co-financing commitment is determined by the country’s purchase of the number of doses set out in the GAVI Secretariat’s “decision letter” to the country, or the corresponding dollar amount for vaccines (excluding handling fees, freight, and buffer charges). For self-procuring countries, compliance is defined by the purchase of the number of doses in the Secretariat’s “decision letter” to the country.

7.2. A country enters into default when it has not fulfilled its co-financing commitment for a particular year by 31 December of that year.

7.3. Countries can apply for, but will not be approved for new vaccine support, when they are in default of their co-financing commitment.

7.4. If a country remains in default for more than one year, the GAVI Board may suspend support for the relevant vaccine until the co-financing arrears are paid in full.

7.5. There are exceptional circumstances that can prevent a country from fulfilling its co-financing commitments due to severe natural, economic, social, or political difficulties. In these cases, the GAVI Board may grant a grace period or exemption on a case-by-case basis.

8. Primary data sources

- GNI per capita (Atlas method) from World Bank classifications
- Definition of Low Income Country upper threshold from World Bank classification
- Eligibility threshold adjustment for annual inflation using World Bank deflators
- Reports from vaccine procurers on status of co-financing payments

9. Effective date and review of policy

9.1. This policy comes into effect as of 1 December 2010.
9.2. This policy will be reviewed and updated in 2014 or as and when required. Any amendments to this policy are subject to GAVI Alliance Board approval.
1. Objectives

1.1. GAVI Vaccine Introduction Grant: The aim of GAVI’s vaccine introduction grant is to facilitate the timely and effective implementation of critical activities in the national vaccine introduction plan in advance of a new vaccine introduction.

1.2. GAVI Operational Support for Campaigns: The aim of GAVI’s operational support for campaigns is to facilitate the timely and effective delivery of vaccines to the target population.

1.3. Both types of grants are one-time investments expected to cover a share of the pre-introduction activities and campaign operational costs, respectively, with the remainder being funded by the government and partners, if necessary. The government contribution aims to ensure country ownership of the new vaccine introduction and the campaign.

2. Scope

2.1. The introduction grant policy applies to first introductions of all vaccines supported by GAVI, including vaccines introduced on a routine basis following campaigns.

2.2. Pre-introduction activities that may be funded through the GAVI vaccine introduction grant may include but are not limited to health worker training, information, education and communication (IEC) and social mobilisation, microplanning, expansion or rehabilitation of some cold chain equipment and additional vehicles if needed, printing and purchase of materials (such as immunisation cards), technical assistance, and modifications to the surveillance systems. The government is encouraged to work with civil society organisations and other in-country partners to determine how these activities are best carried out.

2.3. In addition, for GAVI operational support for campaigns, the following types of expenses may also be included: volunteer incentives for vaccine delivery or monitoring, health workers and supervisor per diems, cold boxes and ice packs, transport, monitoring and evaluation and civil society organisation and/or volunteer incentives for social mobilisation.

2.4. The introduction costs covered by the GAVI grant are start-up investment costs, distinct from incremental recurrent costs resulting from the
addition of a new vaccine to the immunisation schedule that would occur year after year. This grant is not intended to cover such recurring delivery costs.

3. Operating guidelines

3.1. Application of the policy should be guided by GAVI’s operating principle to support national priorities, integrated delivery, budget processes and decision-making, as well as by the following guidelines:

- Vaccine introduction grants and support for operational costs of campaigns can be used in a flexible manner by countries to cover the types of expenses mentioned above.
- The grants are intended to help cover initial start-up investment costs of introducing a new vaccine and for conducting the campaigns, but not as the sole source of funding for these costs.
- The grants should be made in a timely way ahead of first introductions and campaigns;
- The procedures and requirements related to these grants should be simple to understand and implement by countries;
- The grants are separate from other forms of cash support.
- The grants cannot be used to fund co-financing obligations or vaccines.

4. Funding Levels

4.1. Vaccine introduction grant for all GAVI supported vaccines delivered to infants on a routine basis: GAVI provides US$0.80 per child in the birth cohort (based on 80% of estimated average per child introduction costs) for the year of introduction or a lump sum amount of $100,000 whichever is higher.

4.2. Vaccine introduction grant for GAVI supported HPV vaccines delivered to adolescent girls on a routine basis: GAVI provides $2.40 per girl in the country’s target population (based on 80% of estimated average per girl introduction costs) for the year of introduction or a lump sum amount of $100,000 whichever is higher.

4.3. Operational support for all GAVI supported vaccine campaigns: GAVI provides $0.65 per individual in the country’s target population (based on 80% of estimated average campaign operational costs) for the year of the campaign.

5. Phased vaccine introductions or campaigns

5.1. Countries that are approved for phased vaccine introductions or campaigns will receive grants corresponding to the size of the target population approved in that proposal. Subsequently approved proposals for further roll out of the vaccine or campaign would be eligible for an additional grant, the size of which would again correspond to the incremental target population.
6. Product switches

6.1. Countries can apply for an additional grant to facilitate transition to a new product for an existing antigen if it can show that at least two of the following criteria are met:

- The switch to a different product is requested by GAVI or its procurement partners.
- The new product requires larger cold chain capacity and requires an expansion at country level.
- The new product represents a change in terms of administration and handling for health workers or other staff involved in the vaccine management and requires additional training because the product features are new to the country.

6.2. The size of the grant for product switches will correspond to one third of a full vaccine introduction grant (rounded to $0.25 per child for infant vaccines and $0.8 per girl for HPV vaccines).

7. Application, reporting and oversight

7.1. Countries apply for new vaccine introduction grants and operational support for campaigns as part of their normal application for vaccine support to GAVI.

7.2. Countries are requested to report on the use of the grants in their annual progress reports to GAVI.

7.3. The cash grants will be subject to fiduciary oversight measures: Introduction grants and operational support for vaccine campaigns of $250,000 or more require mandatory audits when these funds are directly disbursed to countries. One quarter (25%) of the grants below $250,000 will be selected at random for audit, which means that, countries are expected to maintain adequate books and records for these amounts.

8. Effective date and review of policy

8.1. This policy comes into effect as of 01 September 2012 and will apply to all new vaccine introductions and campaigns taking place after this date.

8.2. The grant funding levels as well as the financial management requirements will be reviewed every two years by the GAVI Secretariat in consultation with partners to take into account new evidence of actual costs of introductions and campaigns and to include vaccines that may be added to GAVI’s portfolio in the future. The new levels and vaccines will be reflected in an updated policy.

8.3. A full review and update of the policy should take place in 2017.
ANNEX 6

Financial Management Requirements

The Parties have entered into an aide memoire with an effective date of 1 June 2012 as amended and updated from time to time which shall form part of the Financial Management Requirements.
Aide Memoire
Governance the management of GAVI HSS & ISS funds in Vietnam
15th March 2012

The following Aide Memoire has been jointly agreed between the GAVI Alliance ("GAVI") and the Ministry of Health of the Government of Vietnam ("MOH-Vietnam or MoH").

The Aide Memoire establishes the terms and procedures for financial management of the MOH-Vietnam GAVI Health Systems Strengthening ("HSS") programme as endorsed by the GAVI Alliance Board in November 2011. In addition, it establishes the terms and procedures for the management of existing and any future Immunisation Services Support ("ISS") grants to the MoH of Vietnam.

This Aide Memoire supplements MOH-Vietnam’s applications for HSS and ISS support, dated March 2007 and September 2011 as well as February 2007 respectively, and approvals thereof by the GAVI Alliance Board. The parties understand that failure to comply with the terms of this Aide Memoire may result in the suspension or termination of funding under the applicable programme.

Management of GAVI Cash Grants

The MOH-Vietnam HSS programme period will commence as of the date of the final signature of this Aide Memoire, and will end four years after.

Funds will be managed subject to GAVI Board approval and availability of funding, as follows:

Planning, Budgeting and Coordination

1. In order to improve coordination between the GAVI supported programme and programmes funded by other Development Partners, the MoH and the GAVI Secretariat shall, during the first year of HSS implementation, explore options for effecting a joint approach to health systems strengthening in the health sector in Vietnam through the Health System Funding Platform (HSFP). If a joint HSFP arrangement is feasible, the next steps for developing such an approach and any additional arrangements between the MoH and GAVI will be included as an addendum to this Aide Memoire at a later date.

2. The MoH shall revisit the staffing levels of the project, based on the Programme Management Unit (PMU) 2007-2011 for GAVI supported cash based programmes, to maximise resources targeted at service delivery improvements at sub-national level. A revised PMU staffing proposal shall be subject to approval by the HSCC and sent to the GAVI Secretariat for approval prior to disbursement of the first tranche of HSS funds.
3. In addition to point 2 above, any salary supplements to Government staff in the central MoH or at provincial level shall be made at a level commensurate with levels paid to other project/PMU staff by other development partners with similar levels of responsibility for similar activities. The names and job descriptions of individuals proposed to receive such supplements shall be subject to approval by the HSCC and sent to the GAVI Secretariat. Any salary supplements shall be subject to HSCC and GAVI Secretariat approval prior to disbursement of the first tranche of HSS funds.

4. The MoH shall revise the terms of reference (ToRs) and membership of the HSCC to ensure that DP representatives are included from among GAVI's in-country partners. Such membership shall be extended to include at least 4 (four) in-country development partner representatives, the names and titles of which shall be sent to the GAVI Secretariat prior to disbursement of the first tranche of HSS funds.

5. The HSCC will oversee, through receipt of financial statements and progress reports prepared by the PMU, programme implementation and approve financing arrangements of the programme; review and approve the Annual Progress Report to be submitted to GAVI by 15th May each year, including year-end financial statements in a format prescribed by GAVI and included in the APR guidelines; request additional information as and when required to ensure that resources are used as intended and for the objectives and activities that are set out in the approved HSS application (for HSS) and in agreed work plans for ISS; ensure that the external audit of the ISS and HSS programmes are conducted within agreed time frames and that external audit reports are submitted to the GAVI Secretariat no later than 6 months following the end of the financial year. The HSCC will also ensure that any issues raised in the external audit letters to management are addressed in a timely way. The HSCC will also stimulate information sharing, partnership and coordination between itself, the Country Coordination Mechanism (CCM) for the Global Fund to Fight AIDS, Tuberculosis and Malaria and the Inter-agency Coordination Committee (ICC) in order to ensure stronger collaborative processes.

Budget Execution

6. The MoH shall make periodic disbursements to provincial and district health offices using GoV Provincial Treasury offices. This fund disbursement mechanism will be used for all ISS and HSS cash disbursements from the date of signing of this Aide Memoire.

8. The MoH shall bolster procurement resources available to the GAVI project and the PMU by seeking, where needed, United Nations and/or World Bank assistance in specific procurements. The MoH will also, prior to the start of each
financial year, produce a Procurement Plan and submit this for review and discussion by, and approval of, the HSCC. In addition, the Terms of Reference for the annual external audit of the GAVI supported ISS and HSS programmes will be expanded slightly to include a review of procurements in the MoH using GAVI cash grants. The GAVI Secretariat will draft such Terms of Reference before the end of the fiscal year and provide them to the MoH.

9. The MoH will nominate a member of the finance staff in each of the provincial health departments as the focal point for accounting and reporting to the MoH. The revised (point 7 above) Financial Management Procedures Manual shall also be shared with all nominated accounting staff at central and provincial level involved in managing GAVI cash grants and the MoH shall provide appropriate training on the Manual.

10. The MoH shall review the accounting software currently in use (‘ANA’) in the MoH for GAVI Phase 1 HSS grants received and explore the possibility of using the (‘BRAVO’) accounting software. In addition, all GAVI transactions posted onto the new accounting software shall be uniquely coded, cross-referenced to documentation and retained for external audit purposes and accounting controls, including access levels to the software, shall be documented in the revised Financial Management Manual.

11. In addition to appointing GAVI in-country partner representatives to the HSCC (point 4 above) and to improve oversight of GAVI’s cash based programmes, the MoH shall institute management accounting and reporting arrangements which include quarterly management accounts showing the budget, actual expenditures and variances. These shall be prepared and reported at least quarterly to the reconstituted HSCC and subsequently communicated to the GAVI Secretariat. The format of year-end financial statements for GAVI ISS and HSS programmes shall adhere to the formats included in the annexes of GAVI’s APR reporting template, available on GAVI’s website.

12. In the absence of a formal Internal Audit function in the central MoH, the MoH and the GAVI Secretariat shall, through agreeing appropriate Terms of Reference, rely on the annual external audit which will be enhanced to include a review of internal controls at central level and in selected provinces (see 13 below).

External Audit

13. HSS and ISS financial statements shall continue to be audited by an independent firm of auditors that has a track record of audit of projects funded by international development partners. The annual costs of the audit have already been included in the project budget. The audit Terms of Reference shall be extended to include the verification, existence and usage of equipments and kits and stocks of the project, the effectiveness of project activities at central and sub-national level, the eligibility of expenditures with the programme proposal, the adequacy of (and compliance with) GoV internal financial controls within the MoH CPMU and, the
transparency, efficiency, economy and effectiveness of the central procurement processes. External audit reports, findings and any follow-up actions shall be reviewed by the HSCC and audit reports sent to GAVI no later than 6 months after the end of a fiscal year.

Compliance with GAVI’s Grant Terms and Conditions

The MoH-Vietnam is responsible for ensuring that all programme implementation and management is compliant with GAVI’s standard Grant Terms and Conditions, provided in Annex 1 to this Aide Memoire.

This Aide Memoire is agreed by and between the parties, and is effective on the date of the last signature hereto.
